The all-new *Lemon Aid Used Cars and Trucks 2012-2013* has the answers, including more vehicles rated with some redesigned models that don't perform as well as previous iterations, downrated More roof crash worthiness ratings, along with an expanded cross-border shopping guide. A revised summary of safety and performance-related defects that are likely to affect rated models. More helpful websites listed in the appendix, as well as an updated list of the best and worst beaters on the market. More secret warranties taken from automaker internal service bulletins and memos than ever.
