 Ekers,2023-09-21 Frank Zappa was an unremitting musical innovator and experimenter always looking for ways to exploit  
 the latest advances in technology His working life coincided with the explosive development of music technology that ran  
 from the 1960s through the following three decades Without such inventions as the Marshall amplifier the Gibson SG the  
 wah wah pedal and the Synclavier much of it modified to his requirements and used in ways for which they had never been  
 designed Zappa s air sculptures as his music has been described would have had a significantly different shape and texture  
 Lavishly illustrated including over 180 unique photographs of Frank Zappa s guitars and equipment taken by the author at  
 his UMRK studio in LA and featuring a foreword by Dweezil Zappa Zappa Gear offers an unprecedented inside look at the  
 machinery behind the legendary music In addition to a detailed presentation of the equipment Zappa Gear also introduces  
 some of the pioneering inventors engineers and entrepreneurs without whom the instruments would not exist Zappa Gear is  
 an official Frank Zappa book produced and written with the full cooperation and endorsement of Gail Zappa and the Zappa  
 Family Trust *Home & Studio Recording* ,1990 **Bibliographic Guide to Technology** New York Public Library.
