RE: PMC Contractors letter of reference.

To whom it may concern,

I have had a longstanding relationship with PMC Contractors. In the current challenging economy we are in, their creative thought process, and excellent management skills, with a keen sense of always looking at a better way to get the project done, has been a great asset on some economically challenging projects I've used them on. Their staff has also been top-notch taking this same approach with some very tight (fast-paced) construction schedules.

I would highly recommend PMC Contractors for whatever type of project you may be considering.

I would offer that you feel free to give me a call to discuss further any questions you may have.

Regards,

Sample Letter Of Reference For A Contractor:

Chern on Dispute Boards Cyril Chern, 2008-04-30 Dispute boards were first introduced almost 20 years ago. Since then close to 100 billion US dollars worldwide has been spent on construction projects that have used dispute boards. Of these 98% were constructed without any court battles and of the remaining 2% the dispute board decisions were upheld by either arbitration and or the court a truly impressive record. Yet very little is known about what dispute boards are and how they operate. This book provides the knowledge necessary for those actively involved in dispute board work as well as for those who need to learn the process. Important features of the book include analysis of the differences between dispute adjudication boards, dispute resolution boards and combined dispute boards in depth discussion of both the existing and historical international case law on dispute boards including its history under the British common law, European civil law and Muslim Shar'ah law, analysis of the differences between the various major standard forms of dispute board rules: FIDIC International Chamber of Commerce and DB Federation along with sample wording to add to or modify these forms as needed, analysis of how referrals are made to dispute boards and sample forms, an in depth discussion of the ethical requirements relating to dispute board members, comparison of board selection techniques with guidelines for implementation and recommendations for the parties, sample forms for use in establishing a dispute board, discussion of site visits how they should be conducted and sample forms, general forms for use in operating a dispute board, form agendas, form reports and their use, how to use a dispute board as a sounding board for grievances, in depth discussion of how to write a decision or recommendation with examples of actual dispute board decisions and recommendations, disclosure forms, questionnaires for potential board members and comparison of board member agreements and sample forms, a discussion of how to effectively use witnesses and the preparation and presentation of witness statements in dispute board hearings, forms of notice and procedural rules governing the operation of dispute boards, international case studies with claims responses and decisions, analysis of situations requiring the removal of dispute board members and form agreements for their removal, discussion of the use of dispute boards in areas other than construction.

Standard Letters in Architectural Practice David Chappell, 2008-04-15 Architects and contract administrators spend a great deal of time writing letters of various types. Many of them are routine and repetitive in character but they require proper consideration if potentially dangerous liability situations are to be avoided. This book provides some 285 standard letters for use at all stages of project administration. To assist the user they are grouped into sections which correspond with the RIBA Plan of Work. The aim is to cover all the common situations encountered in practice. The book has been revised to take account of the latest contract revisions and many letters have been added. Unless otherwise stated all letters are suitable for use with JCT 98 WCD 98 IFC 98 MW 98 GC Works 1 1998. The latest edition also takes account of the

three new RIBA Standard Forms of Agreement for Appointment of an Architect SFA 99 CE 99 and SW 99 Although primarily written for architects and contract administrators the book will also be of use to project managers and employers agents under WCD 98 Contractors will also find much of interest

A Contractor's Guide to the FIDIC Conditions of Contract Michael D. Robinson, 2011-02-16 This guide will help the contractor's staff overcome some of the difficulties encountered on a typical international contract using FIDIC forms The majority of FIDIC based contracts use the Red Book Conditions of Contract for Construction so this book concentrates on the use of those particular forms Supplementary comments are included in Appendix C for the Yellow Book Plant legal advice should be obtained as and when necessary particularly if the Contractor has little or no knowledge of the local law Armed on site with a copy of The Contractor and the FIDIC Contract the Contractor's Representative will be more able to avoid contractual problems rather than spend considerable time and energy resolving those problems once they have arisen
