Browsing a university library is the most authentic method when choosing a title or topic for your own dissertation.

Internet

The most accessible source where you can find dissertation examples is the internet. You will instantly gain access to dissertation examples across a wide variety of subjects. Be mindful that the dissertations you are viewing have no doubt already been submitted to universities and the contents have been used by many students in the same way you wish to use the contents. Don't be tempted to cut and paste any online content from any dissertation examples you encounter as you will fail your degree unless you reference appropriately in accordance with your university guidelines.

Evaluating Relevant Material
