Trapped in Paradise: a Memoir Cindy Art, 2012-04-21 Memoir of the life of a student of the WWASP run Tranquility Bay and Spring Creek Lodge Programs Imagine what it would be like being taken from your home in the middle of the night by complete strangers Trapped in Paradise A Memoir details the history of a troubled teen and her inner struggle of being held against her will in the controversial Jamaica facility with little contact to the outside world The story details the life of the troubled teen prior to being sent overseas to a controversial reform school for two years The book has a great depiction of what it is like for a child to grow with physical abuse in a family whom also struggled to deal with mental illness Particularly obsessive compulsive hoarding addiction anxiety and severe depression While a majority of the subject matter of this book describes the experience of a teenager living in a very strict and confined environment of a program which targeted parents of troubled teens it also greatly describes the strained family relationship of the struggling family The tactics of WWASP programs are highly controversial Several methods used on children were similar to those which are used on prisoners of war Children are stripped of their identity have little to no choices to make in their daily lives and are broken down mentally to the point of where they have little choice but to comply Systematic propaganda and coercive persuasion are the main tools used on these teenagers mainly American to facilitate change in the subjects way of thinking and behavior The reader will get an accurate depiction of what the experience of living under these conditions was like for the teen without dramatization or embellishment While there is opinion communicated in the book the author wanted to leave the content as objective as possible as to give the reader the ability to form their own opinion on the subject matter The Troubled Teen Industry is still largely unregulated One of the main purposes of the Author writing this book was not only to let the thousands of others whom have gone through these sorts of programs to know they aren't alone but to also shed light onto important children rights issues which have largely been overlooked New Strangers in Paradise Gilbert H. Muller, 2014-07-11 New Strangers in Paradise offers the first in depth account of the ways in which contemporary American fiction has been shaped by the successive generations of immigrants to reach U S shores Gilbert Muller reveals how the intersections of peoples regions and competing cultural histories have remade the American cultural landscape in the aftermath of World War II Muller focuses on the literature of Holocaust survivors Chicanos Latinos African Caribbeans and Asian Americans In the quest for a new identity each of these groups seeks the American dream and rewrites the story of what it means to be an American New Strangers in Paradise explores the psychology of uprooted peoples and the relations of culture and power addressing issues of race and ethnicity multiculturalism and pluralism and national and international conflicts Examining the groups of immigrants in the cultural and historical context both of America and of the lands from which they originated Muller argues that this fourth wave of immigration has led to a creative flowering in modern fiction The book offers a fresh perspective on the writings of Vladimir Nabokov Saul Bellow William Styron Maxine Hong Kingston

The Fiction of Hortense Calisher Kathleen Snodgrass, 1993 Hortense Calisher is the author of eleven novels six collections of stories or novellas and two memoirs The publication of her first book of short stories In the Absence of Angels 1951 marked the debut of an important writer For the past forty years her works have been consistently and widely reviewed Calisher has long been celebrated and censured as a writer's writer a consummate stylist with an impressive range of subjects Despite that range however Calisher's works possess a thematic coherence that has eluded critical notice For more than forty years she has spun out variations on the motif of rites of passage and of extradition Her protagonists may yearn for stasis for a firmly manageable reality but finally emerge into a world where change is the only constant In The Fiction of Hortense Calisher the first book length study of Calisher's work Kathleen Snodgrass demonstrates this theme's dominance Following an introduction that provides biographical and critical background she explores similarities in the structure of Calisher's works grouping them together to illuminate both the general motif and its distinctive variations In the first chapter Bridging the Gulf The Autobiographical Stories Snodgrass arranges Calisher's early stories into a biographically chronological order a coherent narrative emerges that dramatizes Hester Elkin's rites of passage from childhood through adolescence to early adulthood Hester Elkin is only the first of a

succession of Calisher's protagonists to embrace life as an open ended journey In chapter 2 Snodgrass examines four Calisher novels that have in common tumultuous transitions from adolescence to adulthood In Calisher an essential part of that rite of passage is a coming down from the heights of theorizing and fantasy into a willingness to grapple with mundane adult realities Chapter 3 False Entries focuses on two companion novels in which the central drama is the painful transition from stasis to movement Subsequent chapters focus on two very different types of movement Solo Flights deals with characters sloughing off conventional lives like dead skins and setting off alone while Re Entries examines the opposite movement here Calisher's characters re enter what she has termed the great enclosure of the norm Later chapters discuss Calisher's two novels of space travel works in which the primary voyage is psychic rather than physical and works dealing with the voyaging life well into old age In her conclusion Calisher's Monologuing Eye Snodgrass demonstrates the inseparability of style and theme in Calisher's works Both stylistically and thematically Calisher repudiates a predictably linear progression through life If her style is as some critics have remarked dense and elliptical so too is her experience of the world She leaves it to others to duplicate a received reality choosing instead to take soundings on a world in flux
