Tratado De Las Idolatrias Supersticiones Y Costumbres

John Bierhorst

Tratado De Las Idolatrias Supersticiones Y Costumbres:

Tratado de las idolatrías, supersticiones y costumbres Jacinto De La Serna, 2024 En el Tratado de las idolatrías, supersticiones y costumbres Jacinto de la Serna responde a la preocupación de la Iglesia mexicana del siglo XVII ante la respuesta poco favorable de los indígenas hacia el catolicismo Para Serna era esencial sacar a la luz informes sobre las idolatrías y hechicerías que se daban entre los indígenas para instruirlos en la fe católica Serna da a conocer lo que los indios padecen cómo viven cómo unos y otros lidian con sus propias creencias y cómo interactúan entre ellos Describe por ejemplo las costumbres de los indígenas aztecas durante el embarazo Según comenta no debían mirar los eclipses del Sol y la Luna pues la criatura podría tener labios leporinos Tampoco podían contemplar ejecuciones pues los niños nacían con una horrible soga de carne anudada a la garganta Este tratado además ha sido extensamente citado por los expertos en sustancias psicóticas En la Serna se ocupa de las diferentes sustancias que ingerían los indígenas en sus rituales Por ello se convirtió en una referencia en los estudios sobre el tema Serna organizó y sintetizó en su Tratado de las idolatrías todos los documentos que encontró Agregó relatos orales y lo que presencié sobre supersticiones e idolatrías en la Nueva España Copió grandes partes de manuscritos y de obras publicadas sobre todo aprovechó la Monarquía indiana de Juan de Torquemada y el Tratado de las supersticiones de Hernando Ruiz de Alarcón también publicados por Linkgua Atrapados entre la abominación y la insaciable curiosidad cultural Jacinto de la Serna Hernando Ruiz de Alarcón y Juan de Torquemada son autores clave en los estudios de los rituales de los habitantes originarios de México

Tratado de las idolatrías, supersticiones, dioses, ritos, hechicerías y otras costumbres gentílicas de las razas aborígenes de México Hernando Ruiz de Alarcón, 1953 **Tratado de las idolatrías, supersticiones, dioses, ritos, hechicerías y otras costumbres gentílicas de las razas aborígenes de México** Jacinto de la Serna, 1953 **EL CAMINO DEL HÉROE, SOÑADOR DE LLUVIA Y GRANIZO** Yleana Acevedo

Whitehouse, 2014-02 Alrededor del volcán Popocatepetl los tiemperos cuidadores del temporal o graniceros incursionan cada noche al mundo onirico para comunicarse con el volcán manteniéndolo contento propiciando la lluvia y apaciguando el granizo que da a sus cosechas Para los graniceros la comunicación con el volcán es de vital importancia sosteniendo una relación casi personal con él considerándolo un ser vivo consciente con el cual comulgan día a día A través de las narraciones de los suecos de Don Epifanio el lector se adentra en el inconsciente colectivo que permea el universo de los graniceros en donde se manifiestan símbolos sincréticos a través de sus sueños arquetípicos que ayudan a comprender mejor la fusión espiritual que aun se aprecia en México

Infamous Desire Pete Sigal, 2003 What did it mean to be a man in colonial Latin America More specifically what did indigenous and Iberian groups think of men who had sexual relations with other men Providing comprehensive analyses of how male homosexualities were represented in areas under Portuguese and Spanish control Infamous Desire is the first book length attempt to answer such questions In a study that will be indispensable for anyone studying sexuality and gender in colonial Latin America an esteemed group of contributors view sodomy through the lens of

desire and power relating male homosexual behavior to broader gender systems that defined masculinity and femininity

Treatise on the Heathen Superstitions that Today Live Among the Indians Native to this New Spain, 1629

Hernando Ruiz de Alarcón, 1984 The Treatise of Hernando Ruiz de Alarcón is one of the most important surviving documents of early colonial Mexico. It was written in 1629 as an aid to Roman Catholic churchmen in their efforts to root out the vestiges of pre-Columbian Aztec religious beliefs and practices. For the student of Aztec religion and culture is a valuable source of information. Hernando Ruiz de Alarcón was born in Taxco, Guerrero, Mexico, in the latter part of the sixteenth century. He attended the University of Mexico and later took holy orders. Sometime after he was assigned to the parish of Atenango, he began writing the Treatise for his fellow priests and church superiors to use as a guide in suppressing native heresy. With great care and attention to detail, Ruiz de Alarcón collected and recorded Aztec religious practices and incantations that had survived a century of Spanish domination, sometimes in his zeal extracting information from his informants through force and guile. He wrote down the incantations in Nahuatl and translated them into Spanish for his readers. He recorded rites for such everyday activities as woodcutting, traveling, hunting, fishing, farming, harvesting, fortune telling, lovemaking, and the curing of many diseases, from toothache to scorpion stings. Although Ruiz de Alarcón was scornful of native medical practices, we know now that in many aspects of medicine the Aztec curers were far ahead of their European counterparts. Tratado de las idolatrías, supersticiones, dioses, ritos, hechicerías y otras costumbres gentílicas de las razas aborígenes de México, 1953

Bloodsucking Witchcraft Hugo G. Nutini, 1993-04 In the rural areas of south central Mexico, there are believed to be witches who transform themselves into animals in order to suck the blood from the necks of sleeping infants. This book analyzes beliefs held by the great majority of the population of rural Tlaxcala a generation ago and chronicles its drastic transformation since then. The most comprehensive statement on this centrally important ethnographic phenomenon in the last forty years. It bears ready comparison with the two great classics: Evans Pritchard's *Witchcraft Among the Azande* and Clyde Kluckhohn's *Navaho Witchcraft*. Henry H. Selby **Codex Chimalpopoca** John Bierhorst, 2011-10-01 In this companion volume to *History and Mythology of the Aztecs*, John Bierhorst provides specialists with a transcription of the Nahuatl text, keyed to the translation, and a linguistic apparatus to help elucidate it. The glossary offers definitions for all unusual usages in the codex, as well as careful treatment of many of the commonest and most semantically flexible verbs, adverbs, and particles. Detailed discussions of selected features appear in the Grammatical Notes, which complete the work.

Diablo novohispano Alberto Ortiz, 2015-05-16 El diablo llegó a América protegido por el imaginario colectivo y el mito tradicional, pero los autores del discurso contra la magia y los propios colonizadores afirmaron que siempre había estado allí, funcionando como se oír de los naturales proclamándose dios entre las supersticiones y las idolatrías. Así que fue necesario gestionar en la continuidad de los discursos que alertaban, aleccionaban y protegían contra un enemigo capaz de disfrazarse y adoptar formas rituales autónomas. Comenzó entonces una nueva etapa en la redacción de textos asimilados a la tradición del

discurso demonológico La atención se centró en la idolatría el enfoque rompió su prejuicio diferenciador y el formato recurrió al tratado al informe y la literatura En el presente libro se analizan algunas muestras representativas de este proceso cultural acaecido en la época novohispana pero detectable aún bajo las bases de nuestra idiosincrasia a la luz de la teoría que

Occidente ha legado para comprender la presencia del mal y sus representantes en el mundo **Tratado de las Idolatrías, Supersticiones, Ritos, Hechicerías y otras costumbres gentílicas de las razas aborígenes de México**, 1953 **Magistrates of the Sacred** William B. Taylor, 1996 This book is an extraordinarily rich account of the social

political cultural and religious relationships between parish priests and their parishioners in colonial Mexico It thus explores a wide range of issues from competing interpretations of religious dogma and beliefs to questions of practical ethics and daily behavior to the texture of social and authority relations in rural communities to how all these things changed over time and over place and in relation to reforms instigated by the state **The Origins of Mexican Catholicism** Osvaldo F.

Pardo, 2004 Offers a nuanced account of the evangelization in the Americas of the sixteenth century *Encyclopaedia of the History of Science, Technology, and Medicine in Non-Western Cultures* Helaine Selin, 2008-03-12 Here at last is the

massively updated and augmented second edition of this landmark encyclopedia It contains approximately 1000 entries dealing in depth with the history of the scientific technological and medical accomplishments of cultures outside of the United States and Europe The entries consist of fully updated articles together with hundreds of entirely new topics This unique reference work includes intercultural articles on broad topics such as mathematics and astronomy as well as thoughtful philosophical articles on concepts and ideas related to the study of non Western Science such as rationality objectivity and method You will also find material on religion and science East and West and magic and science **Folk**

Practices in North Mexico Isabel Kelly, 2014-11-21 The Mexican folkways described in this monograph of scientific interest to anthropologists will fascinate laypeople as well Isabel Kelly collected these notes in the 1950s as a diversion when official field work was not feasible in the vicinity of Torreón and particularly in the nearby village of El Cuije in northern Mexico She recounts folk customs and habits focusing on beliefs and practices related to health and healing and on notions concerning magic These form Kelly believes a core of folk culture which has survived tenaciously in the rural areas and on the outskirts of the cities among mestizo families of scant education and limited economic resources These people are well acquainted with simple matter of fact illnesses which result from natural causes and which respond to treatment by herbal and other home remedies or by modern medicines But they also recognize the evil eye and the emotional upset known as fright They are thoroughly familiar with the ever present danger of ailments which are not natural and God sent but which are deliberately inflicted by an enemy through the artifice of a sorcerer or a spiritualist Such instigated illnesses may take any form from a cold in the head to a false pregnancy If a person suspects that poor health results from such malevolence he or she spurns Western medicine and looks instead to the witch or to the spiritualist as the only hope of a cure El Cuije pays an

annual quota from community funds to make available modern health services provided by the government But community funds are similarly drawn upon to provide medical attention for those who repair to the sorcerers Once a week the village truck takes all presumed witchcraft victims to a nearby town where they receive clinical treatment from professional sorcerers Kelly sees little that is genuinely indigenous in the beliefs and practices described many of them demonstrably result from infiltration from the Old World in the years following the Spanish Conquest She considers spiritualistic curing important in northern Mexico and many other parts of Latin America in some detail but the specific outlines of its history in northern Mexico still awaited clarification at the time of her research *Mesoamerican Manuscripts*, 2019-01-28

Mesoamerican Manuscripts New Scientific Approaches and Interpretations brings together a wide range of modern approaches to the study of pre colonial and early colonial Mesoamerican manuscripts This includes innovative studies of materiality through the application of non invasive spectroscopy and imaging techniques as well as new insights into the meaning of these manuscripts and related visual art stemming from a post colonial indigenous perspective This cross and interdisciplinary work shows on the one hand the value of collaboration of specialists in different field but also the multiple viewpoints that are possible when these types of complex cultural expressions are approached from varied cultural and scientific backgrounds Contributors are Omar Aguilar Sánchez Paul van den Akker Maria Isabel Ivaréz Icaza Longoria Frances F Berdan David Buti Laura Cartechini Davide Domenici Laura Filloy Nadal Alessia Frassani Francesca Gabrieli Maarten E R G N Jansen Rosemary A Joyce Jorge G mez Tejada Chiara Grazia David Howell Virginia M Llad Buis n Leonardo L pez Luj n Raul Macuil Mart nez Manuel May Castillo Costanza Miliani Mar a Olvido Moreno Guzm n Gabina Aurora P rez Jim nez Araceli Rojas Aldo Romani Francesca Rosi Antonio Sgamellotti Ludo Snijders and Tim Zaman See inside the book

Tratado de las idolatrías, supersticiones, dioses, ritos, hechicerías y otras costumbres gentílicas de las razas aborígenes de México Jacinto de la Serna, 1953 **Decoding the Codex Borgia** Susan Milbrath, 2024-04-23 This book explores the rich symbolism of the Codex Borgia a masterpiece of Precolumbian art dating to the fifteenth century showing how the manuscript s intricate and colorful imagery conveys complex ideas related to Mesoamerican myths and religion

Indigenous Science and Technology Kelly S. McDonough, 2024-05-21 Indigenous Science and Technology focuses on how Nahuas have explored understood and explained the world around them in pre invasion colonial and contemporary time periods The Fifth Sun Burr Cartwright Brundage, 2014-02-19 The ancient Aztecs dwelt at the center of a dazzling and

complex cosmos From this position they were acutely receptive to the demands of their gods The Fifth Sun represents a dramatic overview of the Aztec conception of the universe and the gods who populated it Quetzalcoatl the Plumed Serpent Tezcatlipoca the Smoking Mirror and Huitzilopochtli the Southern Hummingbird Burr Cartwright Brundage explores the myths behind these and others in the Aztec pantheon in a way that illuminates both the human and the divine in Aztec life The cult of human sacrifice is a pervasive theme in this study It is a concept that permeated Aztec mythology and was the

central preoccupation of the aggressive Aztec state Another particularly interesting belief explored here is the mask pool whereby gods could exchange regalia and thus identities This vivid and eminently readable study also covers the use of hallucinogens cannibalism the calendars of ancient Mexico tlachtli the life and death ball game the flower wars divine transfiguration and the evolution of the war god of the Mexica A splendid introduction to Aztec religion The Fifth Sun also contains insights for specialists in ethnohistory mythology and religion
