Travel With One Parent Authority Letter:

Uncoupling Lisa van de Geyn, 2022-11-26 Anyone going through separation and divorce can agree that it's an emotional and financial rollercoaster. There is so much to understand, prepare, read, gather, and act on that it's an incredibly draining process. *Uncoupling: The Ugly Truth about Divorce and Finances* is here to help. This book has everything from the basics to the nitty gritty when it comes to separation and divorce with an emphasis of course on finances. Along with the stories of people going through their own separations and divorces are the voices of experts covering everything from the specifics of Canada's Divorce Act and parenting agreements to the tax implications of divorce and financial post-divorce. *Divorce rates in Canada are on the rise* and *Uncoupling* will provide much needed information for those on this difficult journey.

Voyaging With Kids Behan Gifford, Sara Dawn Johnson, Michael Robertson, 2015-09-18 A treasure trove of useful, well-organized information on sea-going parenting. Gary Cap'n Fatty Goodlander, Author of *Buy Outfit and Sail*, Choosing a boat that is right for your family, handling the naysayers, keeping your children safe, healthy, and entertained afloat: this inspirational and comprehensive guide may be just what you need to turn your dream into a reality. The three authors, who have each voyaged thousands of miles with children on board, provide a factual and balanced look at the realities of family life on the sea. From their own experience and with information from interviews with dozens of other voyaging parents, they discuss caring for an infant on board, handling the changing needs of children as they grow, education options, ensuring parents find the private time to keep their relationships in tune, and helping children make the eventual transition back to shore life. Added to the authors' voices are sidebars from other cruising parents with specialized information on subjects as diverse as handling special diets and how your children can keep in touch with friends around the world. A unique bonus chapter written by a dozen former cruising kids looks at the long-term effects of breaking away from shoreside normalcy. A substantial appendix of resources provides valuable further information on the subjects covered in this book. It is said that every parent inflicts their lifestyle choices on their children. Read this book to find why heading out to sea with your children may be the most rewarding infliction of all.

Strategic Review of the Egyptian Goodwill Committee Advancing child-friendly justice in Egypt OECD, 2024-10-02 The Goodwill Committee is an Egyptian governance body established within the Ministry of Justice to facilitate the amicable resolution of international parental child abduction cases. Its primary mission is to protect individual rights and promote global co-operation. This report evaluates the Committee's mandate and composition to help Egypt promote child-friendly justice and ensure that the best interests of children are embedded in Committee processes. To support comprehensive reform, the OECD assessment and recommendations focus on three areas: improving existing governance, considering multilateral ratification, and developing mechanisms to address systemic barriers and deter the occurrence of cases.
