Traveling Nomads Team Alvah, 2014-11-09 The World Race is an 11 month 11 country mission's trip through an organization called Adventures in Missions. Our mission is to bring the light and love of Jesus Christ to the nations changing our world in His name. We do this through building relationships with various ministries throughout the world. Thus far on our Race we have had teams feeding the homeless teaching English building a conference center evangelizing on the streets of villages and cities loving on orphans and building relationships with new ministries for future World Racers. Really we do whatever the Holy Spirit leads us to do each month. It's an epic adventure.

Free as a Global Nomad Päivi Kannisto, Santeri Kannisto, 2012-11-23 How does it feel to be forever on the move? Who are global nomads? Why did they leave their former lives? How do they finance their travels? And ultimately, what is the meaning of life for them? In this book, our fellow global nomads, travelers who wander the world without a permanent job or home, answer these intriguing questions. They are modern-day adventurers and vagrants, no one's property. Global nomads value freedom and mastery of their own lives. Their ideas draw from the everyday life and dreams of explorers, philosophers and vagrants, some notable pioneers including Alexander the Great, Jean-Jacques Rousseau and George Orwell. This book shows how global nomads revive the ancient ideals of a simple and beautiful life. In the process, home, nationality, freedom and travel get a new meaning that will permanently change the way in which we perceive the world.

Traveling South John D. Cox, 2005 Travelers from the northern states who ventured south during the early national period encountered within their nation's borders a place so different from their own as to raise basic questions about nationhood. Our national culture would develop in large part out of the struggle to reconcile regional differences over citizenship, race, gender and class.

BOOK JACKET National Geographic Guide to the World's Secret Places David Yeadon, 2004 Here are island hideaways on the tropical beaches of Mauritius in the Indian Ocean and on the windswept North Atlantic shores of Harris where Scottish crofters handweave their famous tweed. Visit mountain aeries from the Himalaya to the Pyrenees, secret realms from the harshly beautiful desertscapes of the Sahara to the lush rain forests of Costa Rica or the winding alleys of a village tucked into the foothills of the Alps. Twenty-eight destinations in all, each place has its own unique flavor and appeal yet shares a kind of privacy and authenticity all too rare in our hectic modern world.
