

The background of the entire image is a photograph of a dirt path that curves through a wooded area. The path is light brown and appears to be made of dirt and small stones. On either side of the path, there are trees with dark trunks and green foliage. The lighting suggests a bright day, with some sunlight filtering through the leaves. The overall scene is peaceful and natural.

to the past and the future      My Wanderlust Diaries Melissa Kittrell, 2021-09-23 When Melissa started her wanderlust with an impromptu solo backpacking trip to India her only goal was to heal a broken heart She had no idea the impact of just buying a plane ticket would have as the trip set into motion a decade's worth of adventure and an untamable wanderlust She learned through many adventures the importance of taking advantage of opportunities and not wasting the most precious commodity in the world time By traveling solo she exploited the empty space between herself and strangers and recognized the energy and power of making friends on the road as she navigated crazy obstacles and curveballs in foreign lands From the beaches of Southeast Asia to the wild jungles of Africa she looked for adventure across the globe and found it in abundance The book endeavored to open up Pandora's box of what adventures await the curious soul and to show the reader that anything is possible with a little grit and gumption The book combines vivid descriptions of exotic places with wild and funny misadventures from a solo female that had nothing to lose but everything to gain from living life at the edge of her comfort zone This compilation of travel diaries strives to not only acknowledge the beauty and culture of the different places around the globe but to also relate the excerpts into messages that also feeds the soul and relates to the human psyche 1
