Washington Irving: Three Western Narratives (LOA #146) Washington Irving,2004-01-26 America s first internationally acclaimed author Washington Irving established his fame with tales of the Hudson Valley in the days of Dutch rule and then spent seventeen years in Europe mining the Old World for stories When he finally returned to the United States he embarked on a trilogy of books on the American West that would prove decisive in molding his compatriots conception of the Great Plains the Rocky Mountains and the Pacific Northwest The Library of America presents this Western trilogy in its third volume of Irving s work Irving s own encounter with the West came in 1832 when he accompanied the Commissioner of Indian Affairs on a month long journey to what is now eastern Oklahoma His account of that trip A Tour on the Prairies 1835 described wild landscape rugged inhabitants and dramatic chases and hunts with an eye for romantic sublimity and a keen appreciation of the frontiersman s secret of personal freedom After the success of his first western book Irving undertook to

write the history of John Jacob Astor's ultimately failed attempt to establish a fur trading empire in the Northwest. In Astoria 1836 he created a sweeping epic of exploration, commercial enterprise and contest for dominion on the shores of the Pacific, drawing on Astor's rich archive of materials and enlivening it with his flair for vigorous storytelling. In *The Adventures of Captain Bonneville* 1837 Irving focused on a single memorable figure, an army officer and fur trader who may also have been an American spy tracking British ambitions in the far country to reveal the flavor of frontier life in the Rockies and beyond.

The Oxford Encyclopedia of American Literature Jay Parini, 2004. The *Encyclopedia of American Literature* gathers together 350 essays from over 190 leading scholars on the whole of American literature from European discovery to the present. At the core of the *Encyclopedia* lie 250 essays on poets, playwrights, essayists, and novelists. Figures such as Whitman, Melville, Faulkner, Frost, and Morrison are discussed in detail, with each examined in the context of his or her times, an assessment of the writer's current reputation, a bibliography of major works, and a list of major critical and biographical works about the writer. Fifty entries on major works such as *Moby-Dick*, *Song of Myself*, *Walden*, *The Great Gatsby*, *The Waste Land*, *Their Eyes Were Watching God*, *Death of a Salesman*, and *Beloved* place the work in its historical context and offer a range of possibilities with regard to critical approach. The *Encyclopedia* also contains essays on literary movements, periods, and themes, pulling together a broad range of information and making connections between them. Each entry has its own primary and annotated secondary bibliography, and a system of cross-references helps readers locate information with ease. The *Encyclopedia of American Literature* is an outstanding reference source for students studying authors or particular pieces of literature, libraries looking for one comprehensive source, and readers interested in American literature, its authors, and its connection with various areas of study.

Winter Love Jacob Korg, 2003. Ezra Pound and Hilda Doolittle, who used the pseudonym H.D., are among the most important American modernist poets. In this comparative study, Jacob Korg examines their intertwined lives from an early romantic relationship when both writers were in their early twenties through the ongoing friendship and artistic dialogue that helped shape their work. Drawing on unpublished letters and manuscripts as well as published works, Korg offers a fresh view of two American artists and a wholly unexpected portrait of Pound, examined here for the first time through the context of a female modernist.

[The Publishers Weekly](#), 1894 **Ezra Pound's Eriugena** Mark Byron, 2014-06-19. Winner of the Ezra Pound Society Book Prize 2014. Ezra Pound's sustained use of ancient and medieval philosophical sources, particularly those within the Neoplatonic tradition, is well known. Yet the specific influence of the ninth-century theologian Johannes Scottus Eriugena on Pound's poetry and prose has received limited scholarly attention. Pound

developed detailed plans to publish a commentary on Eriugena alongside his translations of two of the books of Confucianism plans that ultimately went unrealised Drawing on unpublished notes drafts and manuscripts amongst the Ezra Pound papers held at Yale University this book investigates the pivotal role of Eriugena in Pound's thought and perhaps surprisingly in his deployment of non Western philosophical traditions The Gorse Trilogy Patrick Hamilton,2017-07-06 I recommend Hamilton at every opportunity because he was such a wonderful writer and yet is rather under read today All his novels are terrific Sarah Waters If you were looking to fly from Dickens to Martin Amis with just one overnight stop then Hamilton is your man Nick Hornby Patrick Hamilton's novels were the inspiration for Matthew Bourne's new dance theatre production The Midnight Bell Ernest Ralph Gorse's heartlessness and lack of scruple are matched only by the inventiveness and panache with which he swindles his victims With great deftness and precision Hamilton exposes how his dupes own naivete snobbery or greed make them perfect targets These three novels are shot through with the brooding menace and sense of bleak inevitability so characteristic of the author There is also vivid satire and caustic humour Gorse is thought to be based on the real life murderer Neville Heath hanged in 1946 *Backpacker* ,2003-03 Backpacker brings the outdoors straight to the reader's doorstep inspiring and enabling them to go more places and enjoy nature more often The authority on active adventure Backpacker is the world's first GPS enabled magazine and the only magazine whose editors personally test the hiking trails camping gear and survival tips they publish Backpacker's Editors Choice Awards an industry honor recognizing design feature and product innovation has become the gold standard against which all other outdoor industry awards are measured *A Greek-English Lexicon* Henry George Liddell,1852 **The Publishers' Trade List Annual** ,1986
