**Neo-Tribes** Anne Hardy, Andy Bennett, Brady Robards, 2018-03-28. This collection brings together perspectives drawn from a range of international scholars who have conducted research into the applications of neo-tribal theory. This book critically explores the concepts that underpin neo-tribal theory using perspectives from different disciplines through a series of theoretically informed and empirically rich chapters. This innovative approach draws together a recently emergent body of work in cultural consumption, tourism and recreation studies. In doing so, the book critically progresses the concept of neo-tribe and highlights the strengths, weaknesses and the opportunities for the application of neo-tribal theory in an interdisciplinary way.
