

Background: It is amazing that the contemporary sports fans all over the world have an emotional attachment with their favorite sports. People who have no interest in sports might view all sports fans as exactly similar. However, the number of sports played today correspond with the various types of sports fans.

Thesis Statement: There are three most common sports fans' types that may be noticed in every sport, be it individual or team sports.

Introduction

Intense Fan: The first type of fan is the intense fan. This fan is always prepared to expand on the importance and greatness of his team and the players' worth. They never hesitate in standing up for their team whether it wins or loses. This kind of fan gives extreme importance to all the facts and figures and statistics about his favorite sports. One can notice such fans in cricketing world as fans like these have all the details about the batting and bowling averages of their favorite batsmen and bowlers.

SideKick Fan: The Sidekick fan is the second type. Such a fan worships his favorite player. He buys the accessories related to his favorite player. He has posters of his favorite player on his bedroom walls. The Sidekick is consistently appreciative and loving for his favorite player, no matter how bad the performance is.

Casual Fan: The last common type of sports fan is the Casual fan. This type appreciates the game more than the players or teams. He does not involve in controversial discussions about the performance of a team or player. He does not shed a tear when a team he is supporting loses. This fan is only interested in watching the match (Davis & Hilbert 93).

Serazio,2019-04-23 A provocative must read investigation that both appreciates the importance of and punctures the hype around big time contemporary American athletics In an increasingly secular fragmented and distracted culture nothing brings Americans together quite like sports On Sundays in September more families worship at the altar of the NFL than at any church This appeal which cuts across all demographic and ideological lines makes sports perhaps the last unifying mass ritual of our era with huge numbers of people all focused on the same thing at the same moment That timeless live quality impervious to DVR evoking ancient religious rites makes sports very powerful and very lucrative And the media spectacle around them is only getting bigger brighter and noisier from hot take journalism formats to the creeping infestation of advertising to social media celebrity schemes More importantly sports are sold as an oasis of community to a nation deeply divided They are escapist apolitical the only tie that binds In fact precisely because they appear allegedly above politics sports are able to smuggle potent messages about inequality patriotism labor and race to massive audiences And as the wider culture works through shifting gender roles and masculine power those anxieties are also found in the experiences of female sports journalists athletes and fans and through the coverage of violence by and against male bodies Sports rather than being the one thing everyone can agree on perfectly encapsulate the roiling tensions of modern American life Michael Serazio maps and critiques the cultural production of today s lucrative ubiquitous sports landscape Through dozens of in depth interviews with leaders in sports media and journalism as well as in the business and marketing of sports The Power of Sports goes behind the scenes and tells a story of technological disruption commercial greed economic disparity military hawkishness and ideals of manhood In the end despite what our myths of escapism suggest Serazio holds up a mirror to sports and reveals the lived realities of the nation staring back at us *Odyssey* William Jude Kelly,Deborah L.
