Breedlove,2023-06-27 Promises to Keep Cujo Brown owed no one anything He had been a lone wolf for 40 plus years and he liked it that way No strings attached Not to a pack Not to a woman Not even to his employer most certainly not to his old employer He had an NDA that didn t even allow him to speak their name And he was fine with that Back before he d been banished from his home pack in Hayden Lake Cujo Brown had attended a Boys Scout camp at Hat Island And there he d formed some of the only bonds he has ever really known When he retired from the agency not to be named something tugged him back to Wolf Harbor on Hat Island Dr Stefan Lebenev also one of those teen aged scouts from long ago had figured out a serum that would help young shifter girls get through their first shift He had a grant to finish out the details and he needed a security chief Well that was most certainly within Cujo s skill set And so Cujo took on a new identity security chief and fitness coach Lebenev was a brilliant researcher But he wasn t any good with people If he had been well maybe he would have vetted his grant funder better Maybe he would have listened when people tried to tell him what was happening to his test subjects post menopause human women wasn t right But the stakes were so high The survival of the shifter species was at stake And everyone swallowed their objections and concerns Even Cujo It wasn t like he had a lot of morals or ethics to start

with he told himself Why flinch now He d done worse for less gains Much worse But then an elderly woman named Olivia Trainer came to the island And Cujo was bewitched Mate his wolf said Lone wolves can t have mates Cujo told his wolf Mate the wolf insisted It didn t matter Stefan Lebenev traded Olivia for continued funding just as he had all the other test subjects Wolf Harbor didn t have the resources to counsel new wolves he insisted The grant funder did But that wasn t what the grant funder was doing Mate his wolf howled They re torturing our mate A fitness coach wasn t going to be able to rescue Olivia Trainer Not even a security chief for a fitness resort could do that But Cujo Brown had other skills at his disposal And he is going after his mate First in a new spin off series of Wolf Harbor The series features Cujo Brown the bad boy readers crush on and his mission to rescue the women who were test subjects at Wolf Harbor starting with his mate Follows immediately after the prequel Woman of Hat Island and parallels the main Wolf Harbor series **Women of Power L.J.**

Breedlove,2024-04-23 Can there be a third way There exists a set of myths and prophesies known as the Wolf s Codex the Okami K dekkusu probably the only written history of the shifter species It comes from the before times it s said Lost for millennia maybe more most people dismiss it as a myth itself But some things are known In an oral culture like the shifters stories have been passed down from storyteller to storyteller The Codex is supposed to have predicted a third way to come for shifters First way Shifter warlords led troops of shifters into battle for land and resources Women of power were forced to serve channeling their power at the warlord s command Second way In current times power resides with the Alpha and a Council of Alphas mediates disputes without warfare making the top Alphas very powerful indeed with no one to check their abuses And the third way No one knows what is meant by that neither those who fear it and are willing to destroy the Hat Island pack to stop it nor those who want to see it come But they all seem to think Abby Stafford might be the one to lead them there The Okami K dekkusu may have some answers And now one man might know where it is The race is on **Enter a Samurai: Full text and illustrations** Joseph L.
