prosperous creation and figure out what tier you're at. From there, Monica gives you 2-3 straightforward goals to focus on to help you move through that tier faster. By working on the few most important things for the stage in your career, you'll be able to block out all the noise, conflicting advice, and comparisonitis and reach your writing goals sooner as a result. Plus, when you get to tiers 4 and up, that's when you start to see your money grow. The Prosperous Creation system will help you. If you haven't finished your book. If you struggle to get reviews or sales. If you feel overwhelmed by marketing your books. If your books are not getting great feedback. If you've had some success but are ready to get to the next level. If you jump around between projects without finishing the one in front of you. If you have seen a HUGE drop in sales recently and don't know how to build them back up. If you are having trouble keeping the readers you find engaged. If you are seeing some success but feel totally burned out by your current workflow. If you haven't hit a steady 4 or 5 figure income per month that feels predictable and reliable. If you've been stuck on the same writing, publishing, and marketing problems for months at a time. If you are ready to build sustainable business systems and processes that let you write more. As the independent publishing industry matures, it's not enough to be a good writer; you now need to know the latest marketing tactics, have a good cover, pay for an editor, or build an email list. Instead, you need a solid strategy in place that will help you weather any storm, build real fans that keep reading you year after year, turn your writing success into a long-term business, and get you out of the 16-hour drain of working for yourself. The Hierarchy of Prosperous Creation is the playbook you've been waiting for. It covers all stages of an author career, from just starting out all the way up to mega success. **In Your Own Voice** Homer L.

Hall, 2014-12-15. A good columnist needs to have lots of ideas to write about people and issues that affect them. This volume will show young writers how curiosity and close observation of the world around them can turn into a column with a distinctive voice, whether they are writing an editorial, a review, a sports column, or a humorous piece. Studying examples from famous columnists or fellow student journalists can help writers develop their own style. Other types of columns, such as letters to the editor and surveys, are also discussed. **Focus On: 100 Most Popular 21st-century English Actresses**
