Transit Migration in Europe Franck Düvell, 2014 Monografie van transitmigratie de term die wordt gebruikt om verschillende stromen van tijdelijke migranten inclusief vluchtelingen en werkmigranten aan te duiden **Irregular Afghan Migration to Europe** Angeliki Dimitriadi, 2017-07-13 This book examines the issue of irregular transit migration to the EU by presenting the case of the Afghans Focusing on the Afghans that arrive in and seek to move through Greece it highlights the unique problems facing this distinctive migratory movement Recognising that the migratory journey is a continuous interplay of policies and individuals how each responds and adapts the book itself moves between countries policies stories of migrants and the author's own experiences in the field Drawing on extensive empirical research conducted in both Greece and Turkey it explores why such transits occur and the decision making process of the migrants in transit Through the example of Afghan migration this book contributes to broader debates concerning transit migration hospitality and asylum how it is perceived access to it This book presents a timely study of the rise of fortress Europe and the current discourse around refugees and migrants amidst the largest refugee flow since WWII in Europe This book's interdisciplinary approach will make it a valuable resource for policy makers as well as Sociology and Politics scholars Building Resilient Migration Systems in the Mediterranean Region Mauro Testaverde, Jacquelyn Pavilon, 2022-07-01 For thousands of years migration has been a source of social and economic well being for people living on different shores of the Mediterranean Sea Whether through higher earnings for migrants access to labor for receiving countries or remittances for sending communities migration has been an important driver of development in the Mediterranean region The COVID 19 coronavirus pandemic has severely disrupted this complex web of movements raising questions about whether migration will continue to be an important driver of the region's well being As time passed it became clear that the drivers of migration are so strong that mobility restrictions can only reduce movements not halt them entirely Building Resilient Migration Systems in the Mediterranean Region Lessons from COVID 19 present evidence on the implications of the COVID 19 pandemic on mobility in the region to inform policy responses that can help countries restart migration safely and better respond to future shocks While some of the challenges that emerged during the pandemic are specific to public health crises others are common to different types of shocks including those related to economic conflict or climate related factors To inform this reform process this book suggests a set of actions that can help Mediterranean countries to maximize the benefits of migration for all people living in the region while at the same time ensuring the sustainability of migration flows As a whole these proposed policy actions point to a vision of migration resilience that even during crises can address key labor shortages keep both migrant and native populations safer sustain household incomes and ameliorate blows to economic growth The COVID 19 pandemic has created momentum for policy reforms Whether this crisis can illuminate the way toward better adapting migration systems to future crises will depend on learning its lessons Transit migration in Europe Franck Düvell, Michael

Collyer,Irina Molodikova,2014-08-08 Transit migration comprising mixed flows of refugees and labour is widely considered a concern and even security threat However the concept is as vague and blurred as it is politicised This volume offers evidence based comprehensive coverage of the entire belt of countries in the neighbourhood of the EU ranging from Russia to Morocco Transit migration is critically analyzed from the perspective of sending transit and receiving countries offering new insights into refugee and irregular migration flows transnational migration networks and overlapping migration systems

Migration and Transnationalism Between Switzerland and Bulgaria Marina Richter,Paolo Ruspini,Dotcho

Mihailov,Vesselin Mintchev,Michael Nollert,2016-09-01 This book explores trends in migration from Bulgaria to Switzerland since Bulgaria joined the European Union EU in 2007 Due to several unique factors this in depth case study provides a basis for understanding transnational migration in a wider European context Bulgarians represent a fairly small community within Switzerland and are quite scattered throughout the country They come from various regions in Bulgaria with very different socio economic profile In Switzerland apart from differences in linguistic regions and the federal system there are significant regional disparities providing a variety of contexts for exploring this transnational migration causes and consequences The first part of the book analyses who migrates and why addressing regional disparities within Bulgaria The text explores the impact of economic differences educational background and other factors that play into immigrants motivations to move The next part of the book examines different migratory movements and transnational practices between Switzerland Bulgaria and other destination countries for Bulgarian immigrants It addresses larger socioeconomic shifts and resulting impacts at individual household community and national levels Finally the book assesses all of these factors within the context of shifting immigration policies This work draws on mixed method empirical research conducted in both countries over a three year period analysed within four major frameworks transnationalism and migrant networks social inequality regional disparities and development and immigration policies The results will be of interest for researchers working in a variety of social science fields including anthropology geography sociology social psychology law public policy political science international studies demography and exploring issues related to migration and development social and regional disparities inequality employment social networks social identity and others

Migration and Health in the European Union Bernd

Rechel,Philipa Mladovsky,Walter Devillé,Barbara Rijks,Roumyana Petrova-Benedict,Martin McKee,2011-12-16 This book can be read by anyone with an interest in migration and health whether as an advocate for migrants health as a student in a health profession researcher or policy maker It provides an ample orientation to the field in the European context Among other important raised issues it underlines an all too often neglected fact health is a human right By involving broad issues and problem areas from a variety of perspectives the volume illustrates that migration and health is a field that can not be allocated to a single discipline Carin Björngren Cuadra Senior Lecturer Malm University Sweden Migrants make up a growing share of European populations However all too often their situation is compounded by problems with accessing

health and other basic services There is a need for tailored health policies but robust data on the health needs of migrants and how best these needs can be met are scarce Written by a collaboration of authors from three key international organisations the European Observatory on Health Systems and Policies the EUPHA Section on Migrant and Ethnic Minority Health and the International Organization for Migration as well as leading researchers from across Europe the book thoroughly explores the different aspects of migration and health in the EU and how they can be addressed by health systems Structured into five easy to follow sections the volume includes Contributions from experts from across Europe Key topics such as access to human rights and health care health issues faced by migrants and the national and European policy response so far Conclusions drawn from the latest available evidence Comprehensive information on different aspects of health and migration and how they can best be addressed by health systems is still not easy to find This book addresses this shortfall and will be of major value to researchers students policy makers and practitioners concerned with migration and health in an increasingly diverse Europe

Handbook on Migration and Security Philippe Bourbeau, 2017-04-28 This Handbook provides a state of the art analysis of the critically important links between migration and security in a globalising world and presents original contributions suggesting innovative and emerging frontiers in the study of the securitization of migration Experts from different fields reflect on their respective conceptualisations of the migration security nexus and consider how an interdisciplinary and multifaceted dialogue can stimulate and enrich our understanding of the securitisation of migration in the contemporary world

Migration Landing Spaces Martina Bovo, 2024-06-03 This book looks at migrant landing spaces exploring the processes and infrastructures which people encounter as they navigate urban spaces along the central Mediterranean route The book argues that there remains a theoretical and practical difficulty in grasping the complexity of migrant arrivals Migrants are often unsure whether they will stay or leave their mobility is uncertain Despite this they face rigid binaries and categories within administrative policy and planning which tries to pin them down as either permanent or temporary Drawing on extensive original research in southern Italy this book suggests that we should instead think of landing spaces parts of the city that work as infrastructures for landing that allow for an open and dynamic use of the urban space and provide opportunities for encounter and information exchange as migrants consider their next steps Combining an ethnographic gaze with insights from urban planning architecture geography social sciences and migration studies this book invites us to look closer at the interactions between people practices and places as migrants land in Europe

The Routledge Handbook of the Politics of Migration in Europe Agnieszka Weinár, Saskia Bonjour, Lyubov Zhyznomirska, 2018-07-06 The Routledge Handbook of the Politics of Migration in Europe provides a rigorous and critical examination of what is exceptional about the European politics of migration and the study of it Crucially this book goes beyond the study of the politics of migration in the handful of Western European countries to showcase a European approach to the study of migration politics inclusive of tendencies in all geographical parts of Europe including Eastern Europe the

Western Balkans Turkey and of influences of the European Union EU on countries in Europe and beyond Each expert chapter reviews the state of the art field of studies on a given topic or question in Europe as a continent while highlighting any dimensions in scholarly debates that are uniquely European Thematically organised it permits analytically fruitful comparisons across various geographical entities within Europe and broadens the focus on European immigration politics and policies beyond the traditional limitations of Western European immigrant receiving societies The Routledge Handbook of the Politics of Migration in Europe will be essential reading and an authoritative reference for scholars students researchers and practitioners involved in and actively concerned about research on migration and European and EU Politics

Transit Migration A. Papadopoulou-Kourkoula, 2008-10-01 Challenging traditional approaches to migration which puts migrants in narrow categories legal and illegal newcomer and settler Transit Migration shows that migrants and refugees live in transit for years a stage in the migration course profoundly affecting destination countries and the migrants themselves

Mapping Migration, Identity, and Space Tabea Linhard, Timothy H. Parsons, 2018-07-14 This interdisciplinary collection of essays focuses on the ways in which movements of people across natural political and cultural boundaries shape identities that are inexorably linked to the geographical space that individuals on the move cross inhabit and leave behind As conflicts over identities and space continue to erupt on a regular basis this book reads the relationship between migration identity and space from a fresh and innovative perspective

[Introduction to Migration Studies](#) Peter Scholten, 2022-06-03 This open access textbook provides an introduction to theories concepts and methodological approaches concerning various facets of migration and migration related diversities It starts with an introduction to migration studies and continues with an introductory reading of migration drivers migration infrastructures migration flows and several transversal topics such as gender and migration It also covers politics policies and governance as well as specific research methods As an interactive guide this book develops an innovative format that brings a connection with various online sources This means that whereas the chapters bring together literature in a coherent way they are also connected to IMISCOE s online interactive Migration Research Hub for further reading and for more empirical material on migration and diversity As such this textbook provides a very useful introductory reading for undergraduate and graduate students as well as for policymakers policy advisors and all those interested in studies on migration and migration related diversities

Migration in the Southern Balkans Hans Vermeulen, Martin Baldwin-Edwards, Riki van van Boeschoten, 2015-06-01 This open access book collects ten essays that look at intra regional migration in the Southern Balkans from the late Ottoman period to the present It examines forced as well as voluntary migrations and places these movements within their historical context including ethnic cleansing population exchanges and demographic engineering in the service of nation building as well as more recent labor migration due to globalization Inside readers will find the work of international experts that cuts across national and disciplinary lines This cross cultural comparative approach fully captures the complexity of this highly fractured

yet interconnected region Coverage explores the role of population exchanges in the process of nation building and irredentist policies in interwar Bulgaria the story of Thracian refugees and their organizations in Bulgaria the changing waves of migration from the Balkans to Turkey Albanian immigrants in Greece and the diminished importance of ethnic migration after the 1990s In addition the collection looks at such under researched aspects of migration as memory gender and religion The field of migration studies in the Southern Balkans is still fragmented along national and disciplinary lines Moreover the study of forced and voluntary migrations is often separate with few interconnections The essays collected in this book bring these different traditions together This complete portrait will help readers gain deep insight and better understanding into the diverse migration flows and intercultural exchanges that have occurred in the Southern Balkans in the last two centuries

A Continent Moving West? Richard Black, Godfried Engbersen, Marek Okólski, 2010 Dit boek beschrijft de toename van migratie uit Oost Europese landen in de periode van 2004-2007 na toetreding tot de EU Het bevat nieuwe empirische casestudies van migratiepatronen zowel gebaseerd op veldwerk als op de analyse van bestaande statistieken

Irregular Migration in Europe Anna

Triandafyllidou, 2016-05-06 Irregular Migration in Europe contributes to our knowledge of the scale and nature of the much discussed but under researched phenomenon of irregular migration in Europe whilst improving our understanding of the dynamics of irregular migration and its relation to European societies and economies Presenting a comparative analysis of the experiences and policies of different EU member states this book draws on an extensive range of sources many of which have so far been absent from English language analyses to offer an overall picture of irregular migration in twelve EU member states This volume will be of interest to policy makers and researchers within the fields of migration sociology and social anthropology political science European integration and European studies political science and public administration

Rights of Migrant Workers: An Analysis of Migration Policies in Contemporary Turkey Sureyya Sonmez

Efe, 2021-01-01 This insightful book discusses how policymakers define migrant workers status and rights at international and national levels Assessing the evolution of the language of rights for migrant workers in international law definition of migrant workers in Turkish legislation key political and economic factors on Turkish migration policies protection mechanisms that safeguard migrant workers rights it critically examines the policymaking processes at international regional and national levels and evaluates the impact of the values such as universal or ethnocentric values on the definitions of status and rights of migrant workers The chapters evaluate the status and rights of migrant workers through the lens of cosmopolitan moral constructivism and examine the law making procedures and illustrate the dynamism of these processes with the inclusion of various conditions and actors The book dissects the key universal and national values that impact on rights of migrant workers This timely book challenges the rising right wing ethnocentric policy approaches to labour migration to migrant workers rights and problematises the existing legal definitions within migration policies that place the rights of migrant workers into a precarious policy sphere By entering the controversial political debate for labour migration and the policy making realm this book is ideal for scholars and researchers of political science international relations and social policy particularly those focusing on international labour migration and migration policies It will further benefit the policymakers and practitioners working on migration such as UN agencies NGOs civil societies and local authorities

Forced Displacement and Migration Hans-Joachim Preuß, Christoph Beier, Dirk Messner, 2021-10-15

This book presents effective long term solutions for displacement and migration against the background of the current debates It offers insights on practical suggestions for dealing with displacement and migration due to violence examines ideas for the management of global migration movements and looks into the integration of refugees and migrants Throughout the chapters experts from science politics and practice shed light on the causes of global migration and the consequences of migration on a political economic and social level The focus of the discussion is not the avoidance of migratory movements but above all the use of positive effects in countries of origin transit and destination The book is a must read for researchers policy makers and politicians interested in international cooperation and in a better understanding of causes consequences and solutions of

displacement and forced migration **Migration? Frag doch einfach!** Anna-Lisa Müller, 2024-06-17 Seit der Flüchtlingskrise 2015 ist Migration in aller Munde. Doch Migration ist nicht neu. Was heißt es, ein Migrant zu sein? Wer kann leicht, wer schwer Grenzen überschreiten? Welche Rolle spielen Krieg und Klimawandel? Diesen und weiteren Fragen geht Anna-Lisa Müller nach. Sie zeigt, wo sich Migration heute von Migration damals unterscheidet, welche Formen es gibt und welche Akteure wichtig sind.
