

# Ecce Romani ch. 20 Grammar

(MLR Stand. D: P.I. D1-4)

## I. English Concepts

### A. Perfect Tense (See chapter 19)

### B. Subordinate Clauses

1. A subordinate clause is a clause which cannot stand by itself and which is subordinate to a main clause.

e.g. While Kevin Garnett was dunking the ball, his teammates stood in awe of him.  
subordinate clause main clause

2. In this example, the subordinate clause is "While . . . the ball". It cannot stand by itself. It does not make sense by itself. On the other hand, the main clause, "his teammates stood in awe of him" can stand by itself and is a full sentence in and of itself. I can see where Haskell, Brochu and others may stand in awe of Fortier, especially when he is dunking the ball over Dante Bailey!!!

### C. Uses of the infinitive (Consolidation)

1. There are many uses of the infinitive (to eat, to sleep, to read) and we have seen several uses in prior chapters.
2. **Complementary infinitives:** these infinitives are usually with such verbs as "I want, I don't want, I hope, I fear, I am able, etc."

e.g. I want to see the Red Sox win another World Series.  
main verb compl. infinitive

I don't want to see Iron Man lose to a villain.

I am still able to root for the Notre Dame..

I hope to see other championship banners soon in Fenway and in Foxboro.

3. **Infinitive with impersonals:** these infinitives are used with such impersonal expressions as "it is necessary, it is good, it is important and it is allowed."

e.g. It is necessary for Big Papi to crush another one in the 9<sup>th</sup> inning.  
impersonal infinitive

It is good to enjoy the movie Crash and see that life is not so black and white.

It is important to have your head examined if you root for the Yankees and for Boston College.

It is allowed to get excited about The Search for the Holy Grail and the killer rabbit (and I hope you do!!!)

textual or visual representations natural materials do not describe or interpret the Holy Land they are part of it Tangible and timeless they realize the meaning of their place of origin in new locations What makes earth stones or bottled water transported from holy sites sacred How do they become pars pro toto signifying the whole from which they were taken This book will examine natural media used for translating loca sancta the processes of their sanctification and how although inherently abstract they become charged with meaning It will address their metamorphosis natural or induced how they change the environment to which they are transported their capacity to translate a static and distant site elsewhere the effect of their relocation on users viewers and how their containers and staging are used to communicate their substance
