Trapped In Two Worlds My Darkest Dreams:

Trapped in Two Worlds: My Darkest Dreams Maria Palomino, 2014-04-16 Why we dream at night is still one of the greatest unanswered questions that scientists wrestle with. Although there are many theories as to why we dream, there are still no findings that give us a cohesive explanation. Even so, people all over the world continue to try to understand why they dream and to learn new insights from their nighttime reveries. Maria Palomino has always had strange dreams since she was a little girl. Dreams about being somewhere else, fighting or getting chased by monsters or people, or being in a situation where she has to escape. She found her dreams to be adventures because every time she went to sleep, she felt like she was wandering around the world, going back to her past or into another dimension. Every time she opens doors in her dreams, she finds herself somewhere different or speaking another language. Although the journeys she takes are sometimes a little peculiar, she wants to share these experiences with her readers because she believes that many of us may have similar imaginings. Are you ready to step into Maria's lucid dream world?

My Darkest Dreams Maria Palomino, 2016-04-15 Since she was a little girl, Maria Palomino always had weird dreams. Dreams about being somewhere else, often very far away, fighting or running from monsters and strange people. Yet Maria found her dreams would become adventures. Every time she fell asleep, she felt like a traveler journeying to her past with people she met along the road of her life. It felt like another world altogether. Every door in her dreams opened a new and different place to explore where even speaking another language was easy. The dreams may seem weird or even scary, but Maria is a fighter who defeats the demons within them. Because her world of dreams is as real to her as waking life, Maria feels called to share these experiences with her readers. She is sure that many others have similar dreams and can also share the ability to remember every detail. Maria is not the only person who lives in two worlds.

The Drop Edge of Yonder Rudolph Wurlitzer, 2017-02-20 Time Out New York's 1 Best Book of 2008 ForeWord Magazine Gold Medal for Literary Fiction. Rudolph Wurlitzer's first novel in nearly 25 years is an epic adventure that explores the truth and temptations of the American myth. Beginning in the savage wilds of Colorado in the waning days of the fur trade, the story follows Zebulon Shook, a mountain man who has a curse placed on him by a mysterious Native American woman whose lover he murdered, to drift like a blind man between the worlds, not knowing if you're dead or alive, or if the unseen world exists, or if you're dreaming. Zebulon sets out on the trail from Colorado, venturing to the remote reaches of the Northwest, a journey that traverses the Gulf of Mexico to Panama and up the coast of California to San Francisco and the gold fields, bringing him face to face with mystics and outlaws, politically minded prison wardens, and Russian Counts each hungry to stake their claim on the American dream. A novel of breathtaking scope and beauty, *The Drop Edge of Yonder* reveals one of America's most transcendent writers at the top of his form.
