British White Trash Mark Schmitt, 2018-03-15 White trash is a liminal figure that dramatizes the intersection of race and class Contemporary British novelists like Irvine Welsh Niall Griffiths and John King use this originally US American stereotype to interrogate the racializing discourse of class in British society Their novels are interdiscursive reflections of the figurations of race and class that still haunt the British cultural imaginary British White Trash is the first analysis to comprehensively examine the adaptation of the white trash stereotype in major British novels The study thus contributes to a critical understanding of racism and classism its cultural representations and its underlying social processes

Advancing Sisterhood? Sharon Monteith, 2000 Though black and white women have long been associated with the heart of southern culture their relationships with each other in the context of contemporary southern fiction have been largely glossed over until now In *Advancing Sisterhood* Sharon Monteith offers an enlightening map of this new literary ground Beginning with an overview of the theory and literary incarnations of friendship *Advancing Sisterhood* examines how prevalent specific relationships between black and white women have become in the works of Ellen Douglas Kaye Gibbons Connie Mae Fowler Lane von Herzen Ellen Gilchrist Carol

Dawson and others Monteith explains that interracial friendships have become an alluring topic for white women writers She also examines these friendships in relation to the ways black women writers and critics have pictured black and white girls and women in the South Advancing Sisterhood explores childhood female relationships in such works as Ellen Foster and Before Women Had Wings and considers recent ecocriticism and its role in charting the female southern landscape Monteith also provides an in depth examination of the archetypal friendship between white housewives and their black servants Through these discussions Advancing Sisterhood demonstrates how contemporary white women writers have broadened their work to include friendships between women of diverse backgrounds and to influence literary expression **Po' White**

Dunn,2018-12-07 Talking White Trash documents the complex and interwoven relationship between mediated representations and lived experiences of white working class people a task inspired by the author s experiences growing up in a white working class family and neighborhood and how she came to understand herself through watching films and television shows The increasing presence of white working class people in media particularly within the genre of reality television and their role in fueling the unprecedented rise of Donald Trump has made this population a central subject of U S cultural discourse Rather than relying solely on analyses of mediated portrayals Dunn makes use of personal narratives interviews focus groups textual analysis and critical autoethnography to specifically analyze how popular media articulates certain ideas about white working class people and how those who identify as members of this population including herself negotiate such articulations Dunn s work provides alternative stories that are rarely if ever found in popular media stories that feature the varied reactions and lived experiences of white working class people stories that talk to talk with and talk back to mediated representations and dominant cultural ideas stories that illuminate the multidimensionality of a population that is often portrayed in one dimensional ways stories that move inside and outside the white working class to better understand their role within and influence upon U S culture **Odd Tribes** John Hartigan Jr.,2005-11-14 An ethnographic and theoretical account of the construction of whiteness through the study of the lives of white working class Americans *High-Tech Trash* Carolyn L. Kane,2019-12-17 A free ebook version of this title will be available through Luminos University of California Press Open Access publishing program for monographs Visit [www.luminosoa.org](http://www.luminosoa.org) to learn more High Tech Trash analyzes creative strategies in glitch noise and error to chart the development of an aesthetic paradigm rooted in failure Carolyn L Kane explores how technologically influenced creative practices primarily from the second half of the twentieth and first quarter of the twenty first centuries critically offset a broader culture of pervasive risk and discontent In so doing she questions how we continue onward striving to do better and acquire more despite inevitable disappointment High Tech Trash speaks to a paradox in contemporary society in which failure is disavowed yet necessary for technological innovation White Girl Clara Silverstein,2013-07-01 This poignant account recalls firsthand the upheaval surrounding court ordered busing in the early 1970s to achieve school integration Like many students at the vanguard of this great social experiment sixth grader Clara Silverstein was spit on tripped and shoved by her new schoolmates At other times she was shunned altogether In the conventional imagery of the civil rights era someone in Silverstein s situation would be black She was white however one of the few white students in her entire school My story is usually lost in the historical accounts of busing Silverstein writes At the predominantly black public schools she attended in Richmond Virginia Silverstein dealt daily with the unintended unforeseen consequences of busing as she also negotiated the typical passions and concerns of young adulthood all with little

direction from her elders who seemed just as bewildered by the changes around them When Silverstein developed a crush on a black boy when yet another of her white schoolmates switched to a private school when she naively came to class wearing a jacket with a Confederate flag on it she was mostly on her own to contend with the fallout Silverstein s father had died when she was seven Another complication she was Jewish As her black schoolmates viewed her through the veil of race Silverstein gazed back through her private grief and awareness of religious difference Inspired by her parents ideals Silverstein remained in the public schools despite the emotional stakes I was lost she admits If I learned nothing else I did come to understand the scourge of racism Her achingly honest story woven with historical details confronts us with powerful questions about race and the use of our schools to engineer social change      **They called us Nazi?s N----s and White Trash** Gittel Maria Barankowicz,2014-02
