Watching Pages, Reading Pictures Daniela De Pau, Georgina Torello, 2008-12-18 Italian cinema is internationally well known for the ground breaking experience of Neo Realism comedy Italian Style Spaghetti Westerns and the horror movies of the seventies However what is rather unfamiliar to wider audiences is Italian cinema's crucial and enduring affair with literature In fact since the very beginning literature has deeply influenced how Italian cinema has defined itself and grown This book provides an empirical approach to this complex and fruitful relationship The aim is to present discussions dealing with significant Italian film adaptations from literary materials which greatly exemplify the variety of styles view points and attitudes produced by such an alliance throughout the different periods Among the adaptations discussed are those that have followed trends and critical debates making them at times rather problematic

Law and the Exception Gian-Giacomo Fusco, Przemysław Tacik, 2025-09-26 This book proposes a paradigm shift in the way that the state of exception as it is usually named in legal and political theory is to be understood Building on the assumption that the exception is a heuristic idea that is still a relevant category for a critical deconstruction of law this book argues that it needs to be rethought outside the boundaries of its traditional understanding To this end the book offers two strategies First it develops the ideas of exceptionality and exceptionalisation in order to grasp how measures

norms and mechanisms that clearly have an exceptional character are no longer confined within the boundaries of classic institutions such as the state of exception martial law the state of emergency and so on As demonstrated recently during the COVID 19 pandemic legal systems may dissimulate the exceptional as the normal avoiding the use of formal states of exception and adopting measures that are of exceptional nature This book maintains that it is necessary to think of exceptionality outside of its usual legal footholds Emergency laws are considered here as part of a more general sphere of exceptionality that must be understood as the product of a process of the accumulation of symbols practices notions and images that are only partially expressed through law despite having long populated the legal imagination Second the book offers an analysis of the inner exceptional life of liberal constitutionalism the subterranean authoritarian drives dissimulated by the rule of law This book will interest scholars and researchers in legal and political theory as well as continental philosophy

La pobreza en Barcelona en los años del Big crap (2008-2014) Jesús Martínez, 2015-07-17 El Big Crap es el poder economico que se escapa del control politico una fuerza que no ha dejado de crecer mientras aumentaba la brecha entre los más ricos y los que menos tienen En Barcelona ese foso separa con claridad el concurrido centro turístico de la periferia marginal que a veces está físicamente al lado de lugares que atraen a millones de visitantes Hay quien cree que lo peor de la crisis economica ya ha pasado Las administraciones aseguran que la ciudad ingresa cada año miles de millones de euros gracias al turismo Pero lo cierto es que cada vez más personas se quedan sin ver ese dinero del que se supone que nos beneficiamos todos se quedan ciegos Según los datos del Instituto Nacional de Estadística sobre condiciones de vida sigue aumentando el riesgo de que se formen bolsas de pobreza zonas de marginalidad y atraso economico en un entorno desarrollado En la Barcelona del Mobile World Congress y de los enormes cruceros las desigualdades se agigantan y se siguen viviendo historias de frontera de héroes que no reciben medallas Como la de Abderrahman preocupado por si alguien le roba sus cartones la de Ndrin que alimenta a su bebé gracias a la beneficencia y la de Irene que lucha para que no la echen de su piso en la Zona Franca de Barcelona

Italian Literature since 1900 in English Translation 1929-2016 Robin Healey, 2019-03-07 Providing the most complete record possible of texts by Italian writers active after 1900 this annotated bibliography covers over 4 800 distinct editions of writings by some 1 700 Italian authors Many entries are accompanied by useful notes that provide information on the authors works translators and the reception of the translations This book includes the works of Pirandello Calvino Eco and more recently Andrea Camilleri and Valerio Manfredi Together with Robin Healey's Italian Literature before 1900 in English Translation also published by University of Toronto Press in 2011 this volume makes comprehensive information on translations from Italian accessible for schools libraries and those interested in comparative literature

The Idea of Europe in Literature Susanne Fendler, Ruth Wittlinger, 1999-09-11 The relevance of culture has recently enjoyed increasing recognition for the study of European integration and a European identity Appeals to a common European culture as well as appeals to different national cultures have been used respectively as a means to

pursue political ends Paying tribute to literature's role as an important constituent part of a culture this collection of essays explores literary representations of Europe and its nation states and should be of particular value to anyone who is interested in cultural political or literary studies in the European context Recent Italian Cinema Tiziana Ferrero Regis, 2009 In Recent Italian Cinema two fundamental questions are asked the first concerns whether Italian cinema as national cinema is in reality reduced to a niche market in its own territory The second relates to what Italian audiences do with domestic films For nearly two decades most Italian films have been produced outside box office returns through a practice of subsidy and co-financing between many institutional and private entities Thus Italian cinema has had to define its mode of production and use value of films in a different way It is clear that it is no longer possible to separate national cinemas from the grip that the American film industry has on world markets in terms of imagination and modes of production distribution and exhibition It is thus only by examining the multiple layers of description and analysis which take into account the presence of Hollywood that we can come to an understanding of what recent Italian cinema actually is *Historical Dictionary of Holocaust Cinema* Robert C. Reimer, Carol J. Reimer, 2024-12-19 Some 80 years after the end of World War two and Nazi Germany's attempt to annihilate European Jews and the Jewish culture the story of the Holocaust continues to be told in novels paintings music sculpture and film Over the past eight decades close to a thousand documentaries narrative shorts and features television miniseries and filmed statements from survivors have confronted the horrors of the past creating a recognizable iconography of persecution suffering and genocide While arguably movies and television have a tendency to overly simply if not trivialize historical events popular culture artists also keep the past from being forgotten *Historical Dictionary of Holocaust Cinema* Second Edition contains a chronology an introduction and an extensive bibliography The dictionary section has more than 175 cross-referenced entries on films directors and historical figures Foreign language experimental and canonical films are included This book is an excellent resource for students researchers and anyone wanting to know more about Holocaust cinema **Three Italian Epistolary Novels**, 2005 *Three Italian Epistolary Novels* looks at the development of a literary genre that flourished in the seventeenth and eighteenth centuries and counted among its illustrious authors Samuel Richardson Henry Fielding Pierre Choderlos de Laclos Jean Jacques Rousseau and Johann Wolfgang von Goethe These translations of three Italian novels by Foscolo De Meis and Piovene never offered before in a single study reflect social historical and stylistic aspects through 150 years of Italian literature from the birth of a touching romantic story to the time of the new currents in Italy and the period of World War II The book is particularly suited for studies in Italian European and comparative literature programs
