Home Health Benefit Coverage And Reimbursement - Claims And Billing Submission Under HHA PPS

Issue Date:

Authority: 32 CFR 159.4; 32 CFR 159-402.21; 32 CFR 159-4403.404; 32 CFR 159-404.404-4 and 32
CFR 159.149

1.0 APPLICABILITY

This policy is mandatory for the reimbursement of services provided either by network or non-network providers. However, alternative network reimbursement methodologies are permitted when approved by the TRICARE Management Activity (TMA) and specifically included in the network provider agreement.

1.0 ISSUE

To describe the procedures involved in submitting Requests for Anticipated Payments (RAPs) and claims for 60-day episodes of care under the Home Health Agency Prospective Payment System (HHA PPS).

1.0 POLICY

1.1 Episode Payment

Payment for a 60-day episode of care will usually be made in two parts (initial and final), the first paid in response to a RAP and the last in response to a claim. Added together, the first and last payment will equal 100% of the established episode payment amount based upon patient severity and resource utilization. The following are billing procedure guidelines for RAPs and claims under the HHA PPS:

1.1.1 RAPs

HHA's are required to submit the following data elements on a RAP under the home health PPS. Effective for dates of service on or after the first day of health care delivery of the new contract, home health services under a plan of care (POC) will be paid based on a 60-day episode of care. To receive the first part of the HHA PPS split payment, HHA's must submit a RAP with coding as described below:

1.1.1.1 After assessment, and once a physician's verbal orders for home care have been received and documented, a POC has been established, and the first service visit under that plan has been delivered, the HHA can submit a RAP.
