**Legitimizing Television** Michael Z Newman, Elana Levine, 2012-02-27 *Legitimizing Television Media Convergence and Cultural Status* explores how and why television is gaining a new level of cultural respectability in the 21st century Once looked down upon as a plug in drug offering little redeeming social or artistic value television is now said to be in a creative renaissance with critics hailing the rise of Quality series such as *Mad Men* and *30 Rock* Likewise DVDs and DVRs web video HDTV and mobile devices have shifted the longstanding conception of television as a household appliance toward a new understanding of TV as a sophisticated high tech gadget Newman and Levine argue that television's growing prestige emerges alongside the convergence of media at technological industrial and experiential levels Television is permitted to rise in respectability once it is connected to more highly valued media and audiences Legitimation works by denigrating ordinary television associated with the past distancing the television of the present from the feminized and mass audiences assumed to be inherent to the old TV It is no coincidence that the most validated programming and technologies of the convergence era are associated with a more privileged viewership The legitimization of television articulates the medium with the masculine over the feminine the elite over the mass reinforcing cultural hierarchies that have long perpetuated inequalities of gender and class *Legitimizing Television* urges readers to move beyond the question of taste whether TV is good or bad and to focus instead on the cultural political and economic issues at stake in television's transformation in the digital age

Spitzer, 2022-06-18 From The Dragons of Autumn May became June which became July which became August and I didn't see Ghost although I left him something every day something which was always gone when I returned at least at first By September however he'd stopped taking what I left him completely nor would he appear when called and I began to worry That would have been about the time I started getting serious with Jenny holding hands at the indoor skating rink kissing for the first time in the balcony at The Muppet Movie as well as my first growth spurt all in the legs which made me feel gangly and insecure but also made me taller than Jen which I liked and which she liked too It was also around the time the murders started happening and what became known as the Comet's Tail Mangler at first just in the local paper but soon the national ones as well and finally the NBC Nightly News started making waves across the country Nor was that the only national news story to touch me for my parents missing flight was back in the spotlight also primarily because the business tycoon who had resumed the search after the Coast Guard and Federal Aviation Administration abandoned it had now given up too For Shad and my grandma it was case closed again For me it was the beginning of a season of denial that would last clear through September and into the school year a season in which I became more convinced than ever that my parents were still alive Denial can be a powerful thing my mother had once said I believe it was in the context of someone's rumored drug and/or alcohol addiction but for me in that fear addled fall of 1979 it became something more something akin to an obsession or even a psychosis something which rendered me deaf dumb and blind to the reports of wreckage having been spotted by a private flight out of Honolulu in the wee hours of Christmas morning to the reports of the victims of the Mangler having been mauled as if by an animal mauled and partially eaten Indeed I had even begun looking forward to introducing them to Jenny when they were finally picked up from Gilligan's Island which is how I imagined their circumstances had even selected a date New Years 1980 the day the call would come The day the news would be announced that survivors had been found and that they were in good health the day we would drive to the airport in Grandma's black GTO and watch my parents descend the steps like soldiers returning from Vietnam their faces tanned from the South Pacific their necks adorned with leis In the end however the New Year brought news of a different sort though news that struck home regardless for the latest victim of the Mangler turned out to be Stuart Dalton himself decorated veteran local hero for his service in Vietnam and a close personal friend of our parents so close that we were invited to his funeral where I ended up in line behind his widow for the viewing of the casket a casket which had been draped with a veil to prevent scrutiny of the body Even now some forty years later it

would be difficult to describe what I felt that day as Song Li offered her final words and her husband lay hidden beneath the gauze and the reality of what had occurred what had been occurring ever since the death of the convict came crashing down as Song said goodbye to her darling Stuart and I said hello to reality for the first time in months possibly even since my parents had disappeared and knew though the thought of it tore me down the middle what had to be done If that was I could even find the portal If that was I could find my friend
