Vanity Of Duluoz:

Vanity of Duluoz Jack Kerouac, 2012 Vanity of Duluoz is a book about football and war Growing up in America in the 1930s these are the forces that shape Duluoz's life Possessed of a talent for football he leaves his hometown on a sporting scholarship to Columbia University New York Vanity of Duluoz Jack Kerouac, 1968 Football war and murder the catalytic forces which form a young man's coming of age **Understanding Jack Kerouac** Matt Theado, 2000 Theado offers close readings of the works that make up the Duluoz Legend Kerouac's series of barely fictionalized re-creations of his life and reveals how his awareness of his writing self increased over the course of his career Kerouac Paul Maher, 2007-01-16 This authoritative biography of writer poet and beat generation icon Jack Kerouac 1922-1969 recounts in gripping detail the story of his exceptional life and the key relationships that affected Kerouac's development as an artist including those with his three wives numerous girlfriends and beloved mother Kerouac presents a fresh and more accurate account of the author of *On the Road* one that neither ignores nor wallows in his flaws *Beatdom Issue Three*, Becoming Kerouac Paul Maher, 2023-11-14 Jack Kerouac was one of America's great writers of the latter half of the 20th century yet he endured a life characterized by persistent hardship and disillusion Leading Kerouac scholar Paul Maher Jr targets the writer's embattled insight of self as central to his life and work He reveals how Kerouac's troubled interactions with alcohol drugs and spirituality stamped its importance on his autobiographical prose and poetry and created a singular language that united thoughts on the human condition and spiritual liberation *Becoming Kerouac A Writer In His Time* affixes Kerouac's life and art in a fresh way giving readers a rich perspective from which to understand this 20th century literary genius Using unpublished archival material *Becoming Kerouac* focuses on the writer's critical formative years 1940 to 1957 to demonstrate his growth as a novelist and poet Maher contends that Kerouac developed his singular language to capture human consciousness as it never had before His futilities catapulted American literature to reflect its restless post World War II anxieties Narrating the events that comprised Kerouac's life biographers have long struggled to illustrate his complexity and the contradictions that shaped his determinations and dogged his relationships But without consideration of the writing the troubles in life fail to reveal their deeper resonances by skillfully analyzing the work while tracing the events Maher achieves a full portrait revealing struggles that problematize his work *Becoming Kerouac* fuses Kerouac's life and art to comprehend this misunderstood literary genius **Jack Kerouac's On the Road** Harold Bloom, 2004 Presents ten critical essays published between 1973 and 2001 on Jack Kerouac's *On the Road* and includes a chronology a bibliography and an introduction by Harold Bloom *The Catholic Counterculture in America, 1933-1962* James Terence Fisher, 2001-02-01 James Fisher argues that Catholic culture was transformed when products of the immigrant church largely inspired by converts like Dorothy Day launched a variety of spiritual communitarian and literary experiments He also explores the life and works **The Daybreak Boys** Gregory Stephenson, 2009-06-25 In these critical essays Gregory Stephenson takes the

Teaching Beat Literature, 2000 *The Concise New Makers of Modern Culture* Justin Wintle, 2008-11-28 A Who's Who of Western culture from Woody Allen to Emile Zola. Containing four hundred essay style entries and covering the period from 1850 to the present. The Concise New Makers of Modern Culture includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film makers, and many other culturally significant individuals and is thoroughly international in its purview. Next to Karl Marx is Bob Marley, with John Ruskin is Salman Rushdie, alongside Darwin is Luigi Dallapiccola. Deng Xiaoping rubs shoulders with Jacques Derrida as do Julia Kristeva and Kropotkin. With its global reach, The Concise New Makers of Modern Culture provides a multi-voiced witness of the contemporary thinking world. The entries carry short bibliographies and there is thorough cross referencing as well as an index of names and key terms.

Anti-Humanism in the Counterculture Guy Stevenson, 2020-10-21 This book offers a radical new reading of the 1950s and 60s American literary counterculture. Associated nostalgically with freedom of expression, romanticism, humanist ideals, and progressive politics, the period was steeped too in opposite ideas: ideas that doubted human perfectibility, spurned the majority for a spiritually elect few, and had their roots in earlier politically reactionary avant-gardes. Through case studies of icons in the counterculture—the controversial sexual revolutionary Henry Miller, Beat Generation writers Jack Kerouac, Allen Ginsberg, and William S. Burroughs, and self-proclaimed philosopher of hip Norman Mailer—Guy Stevenson explores a set of paradoxes at its centre: between romantic optimism and modernist pessimism, between brutal rhetoric and emancipatory desires, and between social egalitarianism and spiritual elitism. Such paradoxes, Stevenson argues, help explain the cultural and political worlds these writers shaped in their time and beyond.

New Makers of Modern Culture Wintle Justin, 2013-05-13 New Makers of Modern Culture is the successor to the classic reference works *Makers of Modern Culture* and *Makers of Nineteenth Century Culture*, published by Routledge in the early 1980s. The set was extremely successful and continues to be used to this day due to the high quality of the writing, the distinguished contributors, and the cultural sensitivity shown in the selection of those individuals included. New Makers of Modern Culture takes into full account the rise and fall of reputation and influence over the last twenty-five years and the epochal changes that have occurred: the demise of Marxism and the collapse of the Soviet Union, the rise and fall of postmodernism, the eruption of Islamic fundamentalism, the triumph of the Internet. Containing over eight hundred essay style entries and covering the period from 1850 to the present, New Makers includes artists, writers, dramatists, architects, philosophers, anthropologists, scientists, sociologists, major political figures, composers, film makers, and many other culturally significant individuals and is thoroughly international in its purview. Next to Karl Marx is Bob Marley, next to John Ruskin is Salman Rushdie, alongside Darwin is Luigi Dallapiccola. Deng Xiaoping runs shoulders with Jacques Derrida, Julia Kristeva, with Kropotkin. Once again, Wintle has enlisted the services of many distinguished writers and leading academics, such as Sam Beer, Bernard Crick, Edward Seidensticker, and Paul Preston. In a few cases, for example, Michael Holroyd and Philip Larkin

contributors are themselves the subject of entries With its global reach New Makers of Modern Culture provides a multi voiced witness of the contemporary thinking world The entries carry short bibliographies and there is thorough cross referencing There is an index of names and key terms Historical Dictionary of the Beat Movement Paul Varner,2012-06-21 The Beat Movement was one of the most radical and innovative literary and arts movements of the 20th century and the history of the Beat Movement is still being written in the early years of the 21st century Unlike other kinds of literary and artistic movements the Beat Movement is self perpetuating After the 1950s generation headlined by Jack Kerouac Allen Ginsberg and William S Burroughs a new generation arose in the 1960s led by writers such as Diane Wakoski Anne Waldman and poets from the East Side Scene In the 1970s and 1980s writers from the Poetry Project at St Mark s Church and contributors to World magazine continued the movement The 1980s and 1990s Language Movement saw itself as an outgrowth and progression of previous Beat aesthetics Today poets and writers in San Francisco still gather at City Lights Bookstore and in Boulder at the Jack Kerouac School of Disembodied Poetics and continue the movement It is now a postmodern movement and probably would be unrecognizable to the earliest Beats It may even be in the process of finally shedding the name Beat But the Movement continues The Historical Dictionary of the Beat Movement covers the movement s history through a chronology an introductory essay and an extensive bibliography The dictionary section has over 700 cross referenced entries on significant people themes critical issues and the most significant novels poems and volumes of poetry and prose that have formed the Beat canon This book is an excellent access point for students researchers and anyone wanting to know more about the Beat Movement
