## INTRODUCTION

If you build or design things you know the importance of working with accurate dimensions. The most frustrating and costly construction headaches can usually be traced to dimensional errors.

**INCHMATE+** is a calculator for people who work with dimensions. The simple measurements – **Foot-Inch-Fraction** (or **fit**) – you make with rulers and tape measures become difficult and tedious when you try to add and subtract them ... let alone multiply and divide.

**INCHMATE+** calculates these dimensions automatically.

**INCHMATE+** was designed to be incredibly easy to use. It has a patented "self-prompting" system leading you through the process of entering **Foot-Inch-Fraction** (or **fit**) dimensions.

**INCHMATE+** accepts inputs to 1/16" ... the practical limit of accuracy for common building and design projects.
