G. Preston,George William Williamson,1945 The Tiger Moth Story Alan Bramson,2020-05-05 The Tiger Moth is one of the major aviation success stories in the history of British aviation Developed by Geoffrey de Havilland and flown for the first time on October 26 1931 the biplane became the most important elementary trainer used by Commonwealth forces More than 1 000 Tiger Moths were delivered before WWII and subsequently around 4 000 were built in the UK with an extra 2 000 being

manufactured in Canada Australia and New Zealand Following the end of WWII pilots could buy and modify a Tiger Moth for recreational use or agricultural crop spraying and use it relatively cheaply This combined with its popularity within the aero club movement provided employment for the Tiger Moths until the late fifties when the more modern closed cockpit aircraft began to force them into retirement This new edition provides a comprehensive account of the aircraft s origins and its development as a trainer of Commonwealth pilots in times of peace and war It also looks at some of the other roles which this versatile little aeroplane performed such as a crop duster glider tug aerial advertiser bomber coastal patrol plane and aerial ambulance Technical narrative and drawings handling ability and performance as seen through the eyes of the pilots combine to make The Tiger Moth Story the most comprehensive book of the aircraft **Tallyho** Jon Bradbury,2024-09-13 It s America 1940 Hostilities have kicked off in Europe but Congress has passed the Neutrality Act making it illegal for any American citizen to get involved in any way It s in this atmosphere that Matthew Cooper a civilian pilot for many years decides to take up his friend Debbie Douglas offer of assistance to get overseas Illusion Lake Sheryl Wright,2021-07-01 A secret consortium a bent banker and a desperate lawyer are all that stand between Elliott Snowmaker and the inheritance of her great uncle s failing aircraft restoration business Elliott doesn t think twice about leaving her home in Toronto and making the long trip to New Mexico and Illusion Lake Once there she soon discovers that somebody wants her gone and gone fast Staying was not the plan But there s something about Illusion Lake that definitely deserves her consideration Besides her new lawyer is hot as hell and worth a second or third look too Kiva Park is only at Illusion Lake for the winter With a thriving criminal practice up north handling the mundane chores of her dad s general law office is a little on the dull side But her plans for a quiet winter fly out the window when Elliott walks in the door Elliott sets off all sorts of bells but most disturbing is the way Kiva wants to reach out and brush Elliott s bangs from those captivating blue eyes Kiva s job is to manage Elliott s inheritance not investigate the strange demands of her father s law partner But with everyone gunning for her new client it doesn t take long for Kiva to figure out that there s much more than Elliott s inheritance and her own heart that are at risk

La formation des aviateurs de la Royal Air Force et du Commonwealth 1934 - 1945 Frédéric Gil,2025-01-25 Avant guerre les aviateurs de la RAF n avaient quasiment aucune pratique du vol de nuit et sauf quelques quipages d hydravions ils n taient pas form s pour naviguer sur de grandes distances en situation de couvre feu Entre juillet 1934 et novembre 1938 le gouvernement britannique approuve huit plans d expansion de la RAF pour lesquels il faut former des milliers d aviateurs Former des aviateurs co tait et co te toujours extr mement cher et demandait des ann es Ne sachant pas quelles allaient tre les pertes d une guerre a rienne moderne ni l expansion r elle de la RAF il tait tr s difficile d estimer les besoins Malgr un effort norme les hommes manquent d s les premiers combats de 1940 et les coles de la RAF se r v lent vuln rables aux attaques de la Luftwaffe La formation des aviateurs a fortement volu pour r pondre aux attentes des unit s op rationnelles ou pour s adapter de nouvelles technologies avions quadrimoteurs aides de navigation radio et radar etc Plus de 325 000

aviateurs du Commonwealth ont été formés pendant la guerre alors que la RAF ne disposait que de peine plus de 5 000 pilotes formés mi 1936 Peu de recherches ont été consacrées à la formation des aviateurs Pourtant il est parfois difficile d'expliquer certaines décisions opérationnelles sans remonter l'origine du problème Il est par exemple peu connu que près de quarante pour cent des avions produits par les usines britanniques au plus fort de la guerre étaient des avions de formation et que les pilotes de la RAF étaient majoritairement formés à l'étranger entre 1939 et 1945 Ce livre basé sur un travail de recherche de plusieurs années raconte cette histoire Situé au sein d'une série d'ouvrages sur l'histoire des grands Commandements de la RAF durant la guerre il a pour principale ambition de présenter l'évolution des programmes de formation des matériels et de leur technologie en se basant autant que possible sur des documents originaux Conflict of Angels David
