The Signs of James Bond Daniel Ferreras Savoye, 2013-02-27 This book is an analysis of the most significant elements that compose the Bond formula, such as names, binary oppositions, and narrative patterns. It tackles Ian Fleming's novels as well as the 22 films of the Eon Productions series and follows the evolution of certain determining features/paradigms from the text to the screen to determine their function within the narration. This study reveals how the James Bond universe goes well beyond mere spy adventures to become a genre in itself as well as now a standard cultural reference. The book also shows that the underlying ideology of the James Bond narration is not as conservative as it might appear for it promotes ideals of the Enlightenment period, such as secularity, pragmatism, and the common good.

The James Bond Phenomenon Christoph Lindner, 2003 Shanghai, long known as mainland China's most cosmopolitan city, is today a global cultural capital. This book offers the first in-depth examination of contemporary Shanghai-based art and design, from state-sponsored exhibitions to fashionable cultural

complexes to cutting edge films and installations Informed by years of in situ research the book looks beyond contemporary art s global hype to reveal the socio political tensions accompanying Shanghai s transitions from semi colonial capitalism to Maoist socialism to Communist Party sponsored capitalism Case studies reveal how Shanghai s global aesthetic constructs glamorising artifices that mask the conflicts between vying notions of foreign influenced modernity and anti colonialist nationalism as well as the city s repressed socialist past and its consumerist present

South,Jacob M. Held,2012-03-30 Bond James Bond Since Sean Connery first uttered that iconic phrase in Dr No more than one quarter of the world s population has seen a 007 film Witty and urbane Bond seduces and kills with equal ease often it seems with equal enthusiasm This enthusiasm coupled with his freedom to do what is forbidden to everyone else evokes fascinating philosophical questions Here 15 witty thought provoking essays discuss hidden issues in Bond s world from his carnal pleasures to his license to kill Among the lively topics explored are Bond s relation to existentialism including his graduation beyond good and evil his objectification of women the paradox of breaking the law in order to ultimately uphold it like any stupid policeman the personality of 007 in terms of Plato s moral psychology and the Hegelian quest for recognition evinced by Bond villains A reference guide to all the Bond movies rounds out the book s many pleasures The Espionage Filmography Paul Mavis,2015-06-08 From Sean Connery to Roy Rogers from comedy to political satire films that include espionage as a plot device run the gamut of actors and styles More than just spy movies espionage films have evolved over the history of cinema and American culture from stereotypical foreign spy themes to patriotic star features to the Cold War plotlines of the sixties and most recently to the sexy slick films of the
