Carinci, Cara Jackson, Stephen J. Meyer, 2020-02-01 Improving the use of evidence in teacher preparation is one of the greatest challenges and opportunities for our field The chapters in this volume explore how data availability quality and use within and across preparation programs shed light on the structures policies and practices associated with high quality teacher preparation Chapter authors take on critical questions about the connection between what takes place during teacher preparation and subsequent outcomes for teachers and students which has remained a black box for too long Despite a long history of teacher preparation in the U S and a considerable investment in preservice and in service training much is still to be learned about how pre service preparation impacts teacher effectiveness A strong empirical basis that informs how specific aspects of and approaches to teacher preparation relate to outcomes for graduates and their preK 12 student outcomes will provide a foundation for improved teaching and learning Our book responds to stakeholders collective responsibility to students and teachers to act more deliberately Issues of data availability and quality the uses of data for improvement priorities for future research and opportunities to promote evidence use in teacher preparation are discussed throughout the volume to inspire collective action to push the field towards more use of evidence Chapters present research that uses a variety of research designs methodologies and data sources to explore important questions about the relationship between teacher preparation inputs and outcomes

Race, Economics, and the Politics of Educational Change John M. Amis, Paul M. Wright, 2024-01-12 The 2010 national midterm elections produced Republican majorities in Tennessee for the first time since Reconstruction In the wake of that election leaders of the Shelby County Schools SCS school district began legislative maneuvering to advance a long cherished goal granting their schools special school district status a move that would permanently sever the relationship between the SCS and the other school district in the county Memphis City Schools MCS Leaders of MCS realized this action would deprive it of funding from a significant part of the county s tax base So they made a stunning move of their own they renounced the MCS charter Ironically under Tennessee law this action required SCS to take over the running of Memphis s schools SCS would actually be forced to merge with MCS Thus began the largest school district consolidation in the history of the United States *Race Economics and the Politics of Educational Change* progresses through nine chapters that examine the MCS SCS merger from a variety of disciplinary perspectives Historical sociological political legal institutional urban planning media studies and educational analyses of the consolidation render John M Amis and Paul M Wright s volume a valuable tool for researchers students policy makers and educators alike The investigations in this work reveal deeply entrenched inequalities that have thwarted education particularly for poor minority students throughout the region s history This text presents insight into factors that have shaped not just the school system in Shelby County but similar systems across the United States A model for other urban areas that face similar challenges this volume

will serve as a significant resource for those seeking to understand the trajectory of large scale educational transformations

Ethics in Youth Sport Stephen Harvey, Richard Light, 2013 The influence of professional adult sport on youth sport is now a global concern Children are involved in high stakes competitive sport at national and international levels at an increasingly young age In addition the use of sport as a medium for positive youth development by governments and within the community has fuelled ambitious targets for young people s participation in sport at all levels In this important study of ethical issues in and around youth sport leading international experts argue for the development of strong ethical codes for the conduct of youth sport and for effective policy and pedagogical applications to ensure that the positive benefits of sport are optimized and the negative aspects diminished At the heart of the discussion are the prevailing standards and expectations of youth sport in developed societies typically consisting of the development of motor competence the development of a safe and healthy lifestyle and competitive style and the development of a positive self image and good relationship skills The book examines the recommendations emerging from the Panathlon Declaration and the debates that have followed and covers a wide range of key ethical issues including emotional and physical abuse aggression and violence doping and cheating values and norms teaching and coaching integrity management Ethics in Youth Sport is focused on the application of ethical policy and pedagogies and is grounded in practice It assumes no prior ethical training on the part of the reader and is essential reading for all students researchers policy makers and professionals working with children and young people in sport across school community and professional settings
