

Writing the Persuasive Essay

What is a persuasive/argument essay?

In persuasive writing, a writer takes a position FOR or AGAINST an issue and writes to convince the reader to believe or do something

Persuasive writing, also known as the argument essay, utilizes logic and reason to show that one idea is more legitimate than another idea. It attempts to persuade a reader to adopt a certain point of view or to take a particular action. The argument must always use sound reasoning and solid evidence by stating facts, giving logical reasons, using examples, and quoting experts.

When planning a persuasive essay, follow these steps:

1. Choose your position. Which side of the issue or problem are you going to write about, and what solution will you offer? Know the purpose of your essay.
2. Analyze your audience. Decide if your audience agrees with you, is neutral, or disagrees with your position.
3. Research your topic. A persuasive essay must provide specific and convincing evidence. Often it is necessary to go beyond your own knowledge and experience.
4. Structure your essay. Figure out what evidence you will include and in what order you will present the evidence. Remember to consider your purpose, your audience, and your topic.

As a general guideline, when writing a persuasive essay:

1. Have a firm opinion that you want your reader to accept.
2. Begin with a grabber or hook to get the reader's attention (Introduction).
3. Offer evidence to support your opinion (Body).
4. End with a restatement of what you want the reader to do or believe (Conclusion).

Parts of the Persuasive Essay

1. The Introduction:

The introduction has a "hook or grabber" to catch the reader's attention.

Some "grabbers" include:

1. **Opening with an unusual detail:** (Manitoba, because of its cold climate, is not thought of as a great place to be a reptile. Actually, it has the largest seasonal congregation of

Foundations of Reading, Writing, and Proving Manish Joshi, 2025-02-20 *Foundations of Reading, Writing, and Proving* is a comprehensive exploration of the interconnected processes that form the backbone of effective communication and critical thinking. We delve into the fundamental skills of reading, writing, and logical reasoning, offering a holistic approach to mastering these essential skills. We begin by examining the art of reading with comprehension and depth. Strategies for extracting meaning from texts, analyzing arguments, and evaluating evidence are explored through practical exercises and real-world examples. Moving on to writing, we provide a roadmap for effective communication. Techniques for crafting clear and compelling arguments, structuring essays and reports, and integrating evidence seamlessly are covered. A significant portion is dedicated to the art of proving, encompassing logical reasoning, argumentation, and critical thinking. We delve into deductive and inductive reasoning, constructing sound arguments, identifying fallacies, and assessing claim validity. The emphasis is on practical application and skill development, with exercises, case studies, and writing prompts designed to reinforce learning and encourage active participation. Whether students looking to enhance academic skills or professionals seeking to improve communication abilities, this book is a valuable resource. *Foundations of Reading, Writing, and Proving* empowers readers to engage critically with information, communicate effectively, and construct persuasive arguments grounded in sound evidence.
