Osayimwese,2025-09-23 A groundbreaking history of Africa s looted architectural heritage and a bold proposal for the repatriation of the continent s stolen cultural artifacts Between the nineteenth century and today colonial officials collectors and anthropologists dismembered African buildings and dispersed their parts to museums in Europe and the United States Most of these artifacts were cataloged as ornamental art objects which erased their intended functions and the removal of these objects often had catastrophic consequences for the original structures Africa s Buildings traces the history of the collection and distribution of African architectural fragments documenting the brutality of the colonial regimes that looted Africa s buildings and addressing the ethical questions surrounding the display of these objects Itohan Osayimwese ranges across the whole of Africa from Egypt in the north to Zimbabwe in the south and spanning the western central and eastern regions of the continent She describes how collectors employed violent means to remove elements such as columns and door panels from buildings and how these methods differentiated architectural collecting from conventional collecting She shows how Western collectors mischaracterized building components as ornament erasing their architectural character and concealing the evidence of their theft Osayimwese discusses how the very act of displacing building parts like floor tiles and woven screen walls has resulted in a loss of knowledge about their original function and argues that because of these removals scholars have yet to fully grasp the variety and character of African architecture Richly illustrated Africa s Buildings uncovers the vast scale of cultural displacement perpetrated by the West and proposes a new role for museums in this history one in which they champion the repatriation of Africa s architectural heritage and restitution for African communities **Algonquins** Daniel Clément,1996-01-01 First published in French in Recherches am rindiennes au Qu bec in 1993 this collection of essays aims to provide a better understanding of the Algonquin people The nine contributors to the book deal with topics ranging from prehistory historical narratives social organization and land use to mythology and legends beliefs material culture and the conditions of contemporary life A thematic bibliography completes the volume Published in English **The Baptist Magazine** ,1848 **U.S. Geological Survey Bulletin** ,1991 **Annual Report of the Attorney General of the United States** United States. *The Sermons on Joseph of Balai of Qenneshrin* Robert R. Phenix,2008 Robert Phenix investigates the collection of twelve Syriac poetic sermons recounting the story of Joseph in Genesis 37 and 39 50 The authorship of these poems has been disputed but this is the first study to attempt to argue from all aspects of the evidence that Balai of Qenneshrin is the author The study then examines all of the data that can be associated with Balai the religious environment of Qenneshrin and nearby Aleppo

Balai's connections with the monk bishops of central Syria in the late fourth and early fifth centuries particularly Acacius of Beroea Aleppo and Rabbula of Edessa the status of chorbishops and the presence of Syriac speakers Since it is argued in this study that Balai's source for the Sermons on Joseph was a Jewish text this section also carefully examines the evidence for the Jewish community in Qenneshrin As part of the background of the author links between characters and the physical setting of the Sermons on Joseph and Qenneshrin are investigated The relationship of the Sermons on Joseph to other Syriac Joseph sources and Joseph material in the Pseudepigrapha and at Qumran is discussed followed by the question of the origin of the story which is located in a lost Greek Jewish composition The last section of the work examines the author's use of Hellenistic rhetoric and literary themes The many speeches in the Sermons on Joseph reveal rhetorical arrangements that are strikingly close to the models of arrangement found in Late Antique handbooks such as the Hermogenic Corpus Several of these arguments are examined as are the elaborate prefaces that introduce some of the individual Sermons on Joseph The literary themes and motifs of the Sermons on Joseph are explored It can be shown that some motifs known only in Syriac religious literature are employed in the Sermons on Joseph in non religious literary contexts
