Percepcja oraz sposoby prezentacji polskiej historii i kultury w amerykańskich podręcznikach szkolnych i akademickich w zakresie przedmiot w historii powszechnej historii europejskiej oraz historii cywilizacji zachodniej były w XX i na początku XXI wieku kształtowane pod wpływem zmieniającej się sytuacji społecznej i politycznej oraz dominujących tendencji naukowych. W koncepcjach filozoficznych i intelektualnych rozwijanych w Europie Zachodniej i Stanach Zjednoczonych od czasów oświecenia do końca okresu zimnej wojny najczęściej wykluczono narody oraz państwa Europy rodowej i Wschodniej z kręgu dominujących w wiecie cywilizacji zachodniej. W konsekwencji Polska jej historia i kultura były traktowane marginalnie. Autorka analizuje nie tylko zawartość podręcznika, lecz także przyczyny dla których cięgle jeszcze trudno znaleźć informacje m.in. na temat udziału Polaków w drugiej wojnie światowej, Katynia czy powstania warszawskiego. **Forthcoming Books** Rose Arny, 1999

Auschwitz, Bergen-Belsen, Treblinka Ann Byers, 2014-07-01 The Nazis set up concentration and death camps in order to isolate, torture and murder millions of men, women and children. Author Ann Byers details the system of camps in Europe during the Holocaust. Byers recounts the horrifying conditions suffered by camp inmates as well as their struggles for life and hope in a world gone mad. The remains of many camps still stand today to serve as a chilling reminder of the Holocaust.

Martha Graham's Cold War Victoria Phillips, 2020 I am not a propagandist declared the matriarch of American modern dance Martha Graham while on her State Department funded tour in 1955. Graham's claim inspires questions: the United States government exported Graham and her company internationally to over twenty-seven countries in Europe, Eastern Europe, the Middle East, the Near and Far East and Russia, representing every seated president from Dwight D. Eisenhower through Ronald Reagan and planned under George H. W. Bush. Although in the diplomatic field she was titled 'The Picasso of modern dance' and 'Forever Modern', in later years Graham proclaimed 'I am not a modernist'. During the Cold War, she reconfigured history of modernism as apolitical in its expression of the heart and soul of mankind, suited to political needs abroad. In addition, she declared 'I am not a feminist' yet she intersected with politically powerful women from Eleanor Roosevelt, Eleanor Dulles (sister of Eisenhower's Dulles brothers in the State Department and CIA), Jackie Kennedy Onassis, Betty Ford and political matriarch Barbara Bush. While bringing religious characters on the frontier and biblical characters to the stage in a battle against the atheist communists, Graham explained 'I am not a missionary'. Her work promoted the United States as modern, culturally sophisticated, racially and culturally integrated. To her abstract and mythic works, she added the trope of the American frontier. With her tours and Cold War modernism, Graham demonstrates the power of the individual, immigrants, republicanism and ultimately freedom from walls and metaphorical fences with cultural diplomacy with the unfettered language of movement and dance. **Omnibus III** Douglas Wilson, Douglas Wilson and G. By Their Creator Philip J. Eweland, 2000-12-29 Why did the Plymouth colonists succeed and the Jamestown colonists fail in those important early years of settlement? How did the Framers of the Constitution deal with slavery? What was the principle force behind those feelings? What drove the debate against slavery in antebellum America? To what authority did the civil

rights of the 1950s and 1960s leaders appeal for equality What is the ugly truth pro abortionists don't want us to know Did man really evolve from ape like creatures Is the Earth millions of years old Is the Bible reliable The answers to each of these questions establishes your moral identity defining how you view yourself and others How our nation's governors legislators presidents and judges answer these questions and how it uses these fundamental principles in establishing our laws lays the foundation of our national moral conscience It is that moral conscience that has consistently driven this nation forward in achieving justice and equality Today though that moral conscience is being corrupted by a sinister ideology A principle that is utterly antithetical to the one that has compelled our leaders to the highest moral standards This book looks at that original principle and how it guided our leaders as they steered this nation safely through the rough waters of change It looks also at how that great principle has been undermined leaving us adrift in a turbulent sea of crisis Mostly though it seeks to point us back to that great principle as the source of strength courage and honor character traits sadly missing from many of today's leaders in American politics

Omnibus I Douglas Wilson, G. Tyler Fischer, 2005 *Collective Consciousness and Gender* Alexandra Walker, 2018-08-22 This book explores collective consciousness and how it is applied to the pursuit of gender justice in international law It discusses how the collective mode of behaviour and identity can lead to unconscious role playing based on the social norms expectations or archetypes of a group Alexandra Walker contends that throughout history men have been constructed as archetypal dominators and women as victims In casting women in this way we have downplayed their pre-existing innate capacities for strength leadership and power In casting men as archetypal dominators we have downplayed their capacities for nurturing care and empathy The author investigates the widespread implications of this unconscious role playing arguing that even in countries in which women have many of the same legal rights as men gender justice and equality have been too simplistically framed as feminism and women's rights and that giving women the rights of men has not created gender balance This book highlights the masculine and feminine traits belonging to all individuals and calls on international law to reflect this gender continuum *TOEFL iBT* Pamela J. Bridging the Medieval-Modern Divide James Muldoon, 2016-04-15 The debate about when the middle ages ended and the modern era began has long been a staple of the historical literature In order to further this debate and illuminate the implications of a longue dure approach to the history of the Reformation this collection offers a selection of essays that address the medieval modern divide Covering a broad range of topics encompassing legal social cultural theological and political history the volume asks fundamental questions about how we regard history and what historians can learn from colleagues working in other fields that may not at first glance appear to offer any obvious links By focussing on the concept

of the medieval modern divide in particular the relation between the Middle Ages and the Reformation each essay examines how a medievalist deals with a specific topic or issue that is also attracting the attention of Reformation scholars In so doing it underlines the fact that both medievalists and modernists are often involved in bridging the medieval modern divide but are inclined to construct parallel bridges that end between the two starting points but do not necessarily meet As a result the volume challenges assumptions about the strict periodization of history and suggest that a more flexible approach will yield interesting historical insights
