*Books in the Life of a Child* Maurice Saxby, 1997-10-15 *Books in the Life of a Child* explores the value of books and reading in the stimulation of children's imagination and their fundamental importance in the development of language and true literacy. It examines not only the vast range of children's books available but also how to introduce young people to the joys of reading in the home, the school and in the community. The book has been written as a resource for all adults especially teachers, student teachers, librarians and parents and those who care about the value of literature for children. It is a comprehensive and critical guide with chapters on the history of children's literature and an analysis of its many forms and genres from poetry, fairytale, myth, legend and fantasy through realistic and historical fiction to humour, pulp fiction and information books.

"Unsuitable" Books Caren J. Town, 2014-08-11 Focusing on the attempted and successful banning of young adult fiction from media centers and classrooms, this book treats the legal and experiential history of censorship in libraries and public schools. Hinton, Chris Crutcher, Jean Craighead George, M. E. Kerr, Mildred Taylor and Sherman Alexie. This book offers parents, teachers and librarians arguments against censorship based on literary merit and societal benefit.
