Poetry's Eternal Question

S T Kimbrough Jr., 2024-04-01 A poem shapes words in such a way that they say something about something Poets put their words together in many different ways from culture to culture The choice of words rhyme free verse etc and many other aspects of composition comprise the poet s art of rhetoric It is not the purpose here to pursue an extensive discussion of the characteristics of poetic rhetoric but rather to emphasize that poetry possesses many characteristics through which it conveys meaning Therefore the choice of words is an essential aspect of creating the effectiveness of poetry There are five sections 1 What Do You Have to Say 2 What Do You Have to Say about Knowledge 3 What Do You Have to Say about Truth 4 What Do You Have to Say about Caring 5 What Do You Have to Say about Social Issues The poems of each section explore the role and effect of our words and verbalization in addressing each subject The poems themselves do not solve problems

Omar Khayyam's Secret: Hermeneutics of the Robaiyat in Quantum Sociological Imagination: Book 8: Khayyami Robaiyat: Part 1 of 3: Quatrains 1-338: Songs of Doubt Addressing the Question "Does Happiness Exist?" Mohammad H. Tamdgidi, 2024-10-25 Omar Khayyam s Secret Hermeneutics of the Robaiyat in Quantum Sociological Imagination by Mohammad H Tamdgidi is a 12 book series of which this book is the 8th volume subtitled Khayyami Robaiyat Part 1 of 3 Quatrains 1 338 Songs of Doubt Addressing the Question Does Happiness Exist Explained with New English Verse Translations and Organized Logically Following Omar Khayyam s Own Three Phased Method of Inquiry Each book independently readable can be best understood as a part of the whole series In Book 8 Tamdgidi offers the first of a 3 part set of 1000 quatrains he has chosen to include in this series from a wider set that have been over the centuries attributed to Khayyam Part 1 includes quatrains 1 338 for each of which the Persian original along with Tamdgidi s new English verse translation and a transliteration for the same are shared Each quatrain is indexed according to the frequency of its inclusion in manuscripts the earliest known date of its appearance in them the extent to which it has wandered into other poets works and its rhyming scheme Brief comments about the meaning of each quatrain in relation to other quatrains and works attributed to Khayyam are then offered along with any notes regarding its new translation as shared Tamdgidi shows that the quatrains 1 338 in the beginning 30 of which Khayyam offers an opening to his book of poetry as a secretive work of art address the question Does Happiness Exist The latter question is the first of a set of three methodically phased questions Khayyam has identified in his philosophical works as being required for investigating any subject The order in which the quatrains are presented shows that the quatrains included in Part 1 follow a logically inductive reasoning process through which Khayyam delves from the surface portraits of unhappiness to their deeper chain of causes in order to answer his question The thematic topics of the quatrains of Part 1 as shared in Book 8 are I Secret Book of Life II Alas III Times IV Spheres V Chance and Fate VI Puzzle VII O God VIII Tavern Voice and IX O Wine Tender After the opening quatrains where Khayyam explains why he was composing a secretive book of poetry and what it aims to do his inquiry starts with doubtful existential self reflections on his life leading him to first blame his times then the spheres then matters of chance and fate soon realizing that he really does not have an explanation for the enigmas of existence concluding that the answer only lies with God So he appeals to God directly for an answer It is then that he hears the voice of the Saqi or Wine Tender from his inner tavern to whom he replies in a series of quatrains closing Part 1 It is in the course of the inquiry in Part 1 that the idea of using Wine as a poetic trope is discovered by him a matter that is separate from his interest in

drinking wine which he never denies but is secondary to the spiritual Wine discovered and advanced in his book of poetry that in fact represents his poetry the Robaiyat itself and its promise in answering his questions The logical order of Khayyam's inquiry shows how seemingly contradictory views that have been attributed to him can in fact be explained as logical moments in the successively deeper inquiries he makes inductively when addressing the question whether happiness exists in the created world We should therefore judge each quatrain as a logical moment in Part 1's inquiry as a whole in anticipation of the two remaining parts of his book of poetry to be shared in Books 9 and 10 of the series respectively addressing the two follow up questions What Is Happiness and Why Does or Can Happiness Exist *Exploring Poetry with Young Children* Ann Watts, 2016-08-05 With the increased focus on children's language in Early Years education poetry can be a valuable tool in enhancing speaking listening and communication This book provides parents and practitioners with a guide on how and where to start with using poetry with children Combined with practical suggestions on finding and using poems with children of differing ages and language ability it also offers advice on how to encourage children to create and develop their own poems *Exploring Poetry with Young Children* includes an anthology of a wide range of poems to use with children based on their everyday experiences ensuring that adults can enhance the learning experience as it happens and enrich the language development of the children in their care Divided into two parts this book covers the nature of poetry and why it can be such an important part of our well being ways of using and sharing poetry with babies and toddlers how to share poetry with children as they become confident users of language the rhyming aspects of verse and ways in which these can be used to develop children's phonic awareness the importance of establishing a poetic awareness in young children This will be an essential guide for all Early Years practitioners students and parents who are interested in using poetry to develop the speaking listening and communication skills of young children
