

PROMPTING (EDUCATION)

Prompting is an instructional strategy to guide a learner's behavior. It can help a student learn a new skill or engage in a desired goal behavior.

EXAMPLES

- Verbal redirection
- Hand-over-hand guidance
- Facial expressions
- Visual cues
- Pointing
- Open-ended questioning
- Praise or expressions of disapproval

PROMPT FADING

Prompt Fading involves gradually reducing the level of assistance until the student is able to complete the task independently. For example, when preparing for school, a parent starts out with getting their child to go through a checklist of preparation tasks each day. Then, over time, they fade to just prompting for the key tasks, then finally, the child does all tasks without prompting.

What Are The Three Components Of An Essay Prompt
