Marlowe stitched together Mykytenko's accounts into a riveting revelation of what modern warfare is really like Told entirely in Mykytenko's first person voice it is a story of cluster bombs and ballistic missiles Mykytenko has most recently commanded a drone unit and the scenes of launching drone attacks and of being attacked by drones are electrifying and harrowing At the same time there are vestiges of WWII trench warfare no man's lands seeded with mines even chemical weapons The result is an urgent story of a besieged nation a vivid look at the changing face of warfare and the stirring tale of an inspirational woman fighting for her country's survival
