**Operative Manual of Endoscopic Surgery 2** A. Cuschieri, G. Buess, J. Perissat, 2013-11-11 The second volume of Operative Manual of Endoscopic Surgery covers some of the operative endoscopic procedures which have been introduced into clinical practice since the publication of Vol 1 In the general section we have included an updated chapter on instrumentation and new chapters on anaesthetic management of patients undergoing endoscopic surgery and on video image and recording Both topics are of importance to the practice of endoscopic surgery and have not been adequately covered in the reported literature Volume 2 deals with endoscopic procedures in the chest and abdomen There have been significant advances in thoracoscopic surgery during the past 2 years particular references made to anatomical pulmonary resections and oesophageal resections As far as the gastrointestinal tract is concerned we have included gastric and allied operations but have not covered the colorectal region as we believe that more evaluation is needed before definitive accounts can be written on endoscopic colorectal resections especially for cancer For this reason we have decided to defer this important topic to Vol 3 which is in preparation The same applies to laparoscopic repair of abdominal hernias The same layout has been adopted as in Vol 1 of the series with heavy emphasis on illustrative representation of the operative steps and techniques In the diagrams on sites of trocar cannulae we have indicated not only the site and size but also the functional role of each port

**Restless in Sleep Country** Paul Huebener, 2024-05-14  
Sleep and the lack of it is a public obsession and an enormous everyday quandary Troubled sleep tends to be seen as an individual problem and personal responsibility to be fixed by better habits and tracking gadgets but the reality is more complicated Sleep is a site of politics culture and power In *Restless in Sleep Country* Paul Huebener pulls back the covers on cultural representations of sleep to show how they are entangled with issues of colonialism homelessness consumer culture technology and privacy the exploitation of labour and the effects of the Covid 19 pandemic Even though it almost entirely evades direct experience sleep is the subject of a variety of potent narratives each of which can serve to clarify and shape its role in our lives In Canada cultural visions of slumber circulate through such diverse forms as mattress commercials billboards comic books memoirs experimental poetry and bedtime story phone apps By guiding us through this imaginative landscape Huebener shows us how to develop a critical literacy of sleep Lying down and closing our eyes is an act that carries surprisingly high stakes going beyond individual sleep troubles *Restless in Sleep Country* illuminates the idea of sleep as a crucial site of inequity struggle and gratification
