Kharkov/Kharkiv Volodymyr Kravchenko, 2023-04-14 Kharkiv is Ukraine's second largest city and its former capital. Situated within 40 km of the Ukrainian-Russian border, it is one of those East Central European liminal cities which became a center of modernization and pluralization in the borderland area, playing a prominent role in the process of nation building. Volodymyr Kravchenko's expanded edition of *Kharkov* is now in the English language and including a new chapter on the reconfiguration of the Ukrainian-Russian borderland during and after the watershed Euromaidan event, uniquely uncovers the city's long history from the 17th century to today. Addressing issues of regional and national identities, Ukrainian-Russian relations, mental mapping, historical narratives, and the ensuing deconstruction of national mythologies, this book fills a unique gap in the literature on Kharkiv.
