*Passionate Journey*, 2019      **Passionate Journey** Frans Masereel, 2007-12-10 This evocative text free narrative is crafted from 167 woodcuts A novel in pictures we follow our hero through a world of good and evil love and heartbreak Introduction by Thomas Mann      Passionate journey Frans Masereel, 1971      Passionate Journey Frans Masereel, 2013-01-17 This evocative text free narrative is crafted from 167 woodcuts A novel in pictures we follow our hero through a world of good and evil love and heartbreak Introduction by Thomas Mann      Great Woodcuts of Albrecht Durer Albrecht Dürer, Carol Belanger Grafton, 2004-05-25 This modestly priced edition offers an ideal introduction to Durer's work comprising images both sacred and secular Scenes from the lives of Jesus and the saints and episodes from the Old Testament appear alongside a variety of subjects The 85 black and white illustrations feature brief captions with basic information regarding titles and dates      The Art of Pere Joan Benjamin Fraser, 2019-04-22 Born in Mallorca Pere Joan Riera known professionally as Pere Joan thrived in the underground comics world beginning in the mid 1970s with the self published collections *Baladas Urbanas* and *Murdrago* both of which were released almost immediately after the death of the dictator Francisco Franco and Spain's transition to democracy The first monograph in English on a comics artist from the Spain The Art of Pere Joan takes a topographical approach to reading comics applying theories of cultural and urban geography to Pere Joan's treatment of space and landscape in his singular body of work Balancing this goal with an exploration of specific works by Pere Joan Benjamin Fraser demonstrates that looking at the thematic structural and aesthetic originality of the artist's landscape driven work can help us begin to newly understand the representational properties of comics as a spatial medium This in depth examination reveals the resonance between the cultural landscapes of Mallorca and Pere Joan's metaphorical approach to both rural and urban environments in comics that weave emotional ecological and artistic strands in revolutionary ways      Transnational Perspectives on Graphic Narratives Shane Denson, Christina Meyer, Daniel Stein, 2013-05-23 Written by leading international scholars this book surveys transnational dimensions of graphic narratives covering popular comics and graphic novels from the USA Asia and Europe      Comics as Communication Paul Fisher Davies, 2019-11-07 This book explores how comics function to make meanings in the manner of a language It outlines a framework for describing the resources and practices of comics creation and readership using an approach that is compatible with similar descriptions of linguistic and multimodal communication The approach is based largely on the work of Michael Halliday drawing also on the pragmatics of Paul Grice the Text World Theory of Paul Werth and Joanna Gavins and ideas from art theory psychology and narratology This brings a broad Hallidayan framework of multimodal analysis to comics scholarship and plays a part in extending that tradition of multimodal linguistics to graphic narrative      Partisan Aesthetics Sanjukta Sunderason, 2020-07-21 *Partisan Aesthetics* explores art's entanglements with histories of war famine mass politics and displacements that marked late colonial and postcolonial India Introducing partisan

aesthetics as a conceptual grid the book identifies ways in which art became political through interactions with left wing activism during the 1940s and the afterlives of such interactions in post independence India Using an archive of artists and artist collectives working in Calcutta from these decades Sanjukta Sunderason argues that artists became political not only as reporters organizers and cadre of India s Communist Party or socialist fellow travelers but through shifting modes of political participations and dissociations Unmooring questions of Indian modernism from its hitherto dominant harnesses to national or global affiliations Sunderason activates instead distinctly locational histories that refract transnational currents She analyzes largely unknown and dispersed archives drawings diaries posters periodicals and pamphlets alongside paintings and prints and insists that art as archive is foundational to understanding modern art s socialist affiliations during India s long decolonization By bringing together expanding fields of South Asian art global modernisms and Third World cultures Partisan Aesthetics generates a new narrative that combines political history of Indian modernism social history of postcolonial cultural criticism and intellectual history of decolonization      **Serials to Graphic Novels** Catherine J.

Golden,2018-10-01 The Victorian illustrated book came into being flourished and evolved during the long nineteenth century While existing scholarship on Victorian illustrators largely centers on the realist artists of the Sixties this volume examines the entire lifetime of the Victorian illustrated book Catherine Golden offers a new framework for viewing the arc of this vibrant genre arguing that it arose from and continually built on the creative vision of the caricature style illustrators of the 1830s She surveys the fluidity of illustration styles across serial installments British and American periodicals adult and children s literature and more recently graphic novels Serials to Graphic Novels examines widely recognized illustrated texts such as The Pickwick Papers Oliver Twist Alice in Wonderland Peter Rabbit and Trilby Golden explores factors that contributed to the early popularity of the illustrated book the growth of commodity culture a rise in literacy new printing technologies and that ultimately created a mass market for illustrated fiction Golden identifies present day visual adaptations of the works of Austen Dickens and Trollope as well as original Neo Victorian graphic novels like The League of Extraordinary Gentlemen and Victorian themed novels like Batman No 1 as the heirs to the Victorian illustrated book With these adaptations and additions the Victorian canon has been refashioned and repurposed visually for new generations of readers      Approaches to Teaching the Thousand and One Nights Paulo Lemos Horta,2023-10-10 The Thousand and One

Nights composed in Arabic from the eighth to the fourteenth centuries is one of the world s most widely circulated and influential collections of stories To help instructors introduce the tales to students this volume provides historical context and discusses the many transformations of the stories in a variety of cultures Among the topics covered are the numerous translations and their impact on the tales reception various genres represented by the tales gender race and slavery and adaptations of the stories in films graphic novels and other media across the world and under conditions of both imperialism and postcolonialism The essays serve instructors in subjects such as medieval literature world literature and Middle and

*Comics Beyond Text and Image* Benjamin Fraser,2025-08-08 Comics Beyond Text and Image conceptualizes comics as bodies exploring the substance and the many movements and expressions of comics first and foremost in terms of corporeality The book centers on the metaphor of the comics body as a way of opening up our understandings of what comics do It begins from the position that narrative in comics is corporeal expressed in and through the visual bodies into which the page can be divided analytically and from the interaction of the human body with the comics body Drawing on the philosophy of Baruch Spinoza the author argues for the primary role of visual narration over textual narration develops a theory of the comics text as a cohesive and variegated cartography and shows how thought is expressed in the extensive space of the comics page This theory is then applied in snapshots of individual comics works that each in their own way continue the philosophical discussions of embodiment This book moves beyond traditional modes of narration or narrative and will appeal to students and scholars of comics studies as well as to those thinking about visual narrative more broadly and to scholars of Spinoza and Deleuze
