*Protestantism and Politics in Korea* Chung-shin Park, 2011-07-01 Following its introduction to Korea in the late nineteenth century Protestantism grew rapidly both in numbers of followers and in influence and remained a dominating social and political force throughout the twentieth century In *Protestantism and Politics in Korea* Chung shin Park charts this stunning growth and examines the shifting political associations of Korean Protestantism Elsewhere in Asia evangelical Protestant missionaries failed to have much social and political impact being perceived as little more than agents of Western imperialism But in Korea the church became a locus of national resistance to Japanese colonization in the fifty years preceding 1945 Missionaries and local adherents steadily gained popular support as they became identified with progressive political reforms After World War II and the division of the Korean peninsula however most Protestant institutions in South Korea were conscripted into the fight against communism In addition they became involved in the postwar push for rapid economic development These alliances led to increasing political conservatism so that mainstream Korean Protestantism

eventually became a stalwart defender of the authoritarian status quo. A small liberal minority remained politically active supporting social and human rights causes throughout the 1960s and 1970s laying the foundation for mass protests and gradual democratic liberalization in the 1980s. Park documents the theological evolution of Korean Protestantism from early fundamentalism to more liberal doctrines and shows how this evolution was reflected in the political landscape. Lewis, 1990-12. We at Regent College are proud to present the best of CRUX for the years 1979-89 in this volume. With Heart, Mind, Strength exemplifies what we are trying to do at Regent College to give our best, our all to God. We have selected essays from the pages of the College journal written by faculty, alumni, and friends on relevant issues where the Bible meets today's world. The collection reflects the viewpoints and the wide range of interests we have: biblical studies, theology, history, spirituality, and interdisciplinary matters. The authors include Klaus Bockmuehl, J. I. Packer, James Houston, Carl E. Armerding, Gordon Fee, and W. Ward Gasque, all well known through their own books, all appreciated by the students at Regent College. For over twenty years Regent has been concerned with the equipping of the laity, developing a new generation of thinking and acting Christians. We believe that we will be better able to interact with the modern world for having studied in an open atmosphere of inquiry and reverence. And for eleven years the College has published CRUX as its voice, a place where ideas may be put forward for illumination, discussion, and correction. We hope you find these essays to be a help in your own pilgrimage. **Wisconsin Congregational Church Life**, 1926. *Federal Communications Commission Reports* United States.
