Physics, Metamorphosis Charles Mitts,2018-07-30 Metamorphosis contains answers to questions that are universal It is written in a conversational style because I have no standing in the worlds of science or theology which require the use of specific writing formats This is by choice The reasons are made explicit in the text and may surprise readers I began my search for answers as a young boy on behalf of my father Now I am an old man It was a steep learning curve What I have discovered is that first of all from the largest to the smallest scale of existence there are just three things Space Energy and Quantity Within each of these three components are fundamental concepts Space Boundary Force Energy Wave Motion and Quantity Number These three concepts within the components of existence are interlocked and continuously interacting across both physical and metaphysical existence according to the Laws of Change The change of quantity into quality and

vice versa the transition into opposites and the negation of negation There is a strong basis in the body of human knowledge upon which to conclude that there is a next life as well as an afterlife And there exists a living a higher power in the afterlife both Evil and Good Lastly immorality and morality are definable and quantifiable concepts which can be clearly understood in terms of the core values of each Readiness Level of Engineering Freshman Students in College Physics Liberty Gay Manalo, Aida B.
