

My virtual Child Reflection

1. As our use of the program ends, what pathways does your child appear to be on in terms of physical, cognitive, social, emotional and moral development? Choose three aspects of your child to discuss. To what extent could you have predicted these pathways based on what you knew of your child's earlier development?

---1 point for discussing each of two pathways and 1 point each for providing supporting documentation (4 points)

2. Describe one specific way in which you think your parenting mattered for your child's development, based on evidence from the course regarding the contributions of parents to child development. Describe one specific way in which your child developed that appeared to be influenced by factors outside your control, such as genes, random environmental events or the general influence of contemporary middle-class American culture.

--- 1 point each for describing a parenting and non-parenting influences and 1 point for each example for providing evidence from the course that supports your choice of this influence as important (4 points)

3. Please explain three personal connections you made during this semester long assignment. These might include better understanding of a decision your parents made, impact on how you might parent, how you are parenting, the supports you might provide in your future career. These can be framed using the language "prior to this assignment I believed/understood _____, now I believe _____." This is because _____.

- 2 points each for specific descriptions of your shift in belief and supporting evidence. (6 points)

5. Did this lab provide a good practical application opportunity of the course content? Why or why not? Please provide at least 2 examples.

---2 points for each example. (4 points)

Using Virtual Reality Technologies for Storytelling Olivier Balet, Gerard Subsol, Patrice Torquet,2003-06-30 The story is the richest heritage of human civilizations One can imagine the rst stories being told several thousand centuries ago by wise old men huddled around camp res Since this time the narrative process has been considerably developed and enriched sounds and music have been added to complement the speech while scenery and theatrical sets have been created to enhance the story environment Actors dancers and technicians have replaced the lone storyteller The story is no longer the sole preserve of oral narrative but can

be realized in book theatrical dance or movie form Even the audience can extend up to several million individuals And yet in its many forms the story lies at the heart of one of the world s most important industries The advent of the digital era has enhanced and accelerated this evolution image synthesis digital special effects new Human Computer interfaces and the Internet allow one not only to realize more sophisticated narrative forms but also to create new concepts such as video gaming and virtual environments The art of storytelling is becoming evermore complex Virtual reality offers new tools to capture and to interactively modify the imaginary environment in ever more intuitive ways coupled with a maximum sensory feedback In fact virtual reality technologies offer enhanced and exciting production possibilities for the creation and non linear manipulation in real time of almost any story form This has lead to the new concept of Virtual Storytelling
