bestseller in Italy Paul Ginsborg's account of this most recent and dynamic period in Italy's history is essential reading for anyone wishing to understand contemporary Italy Ginsborg chronicles a period that witnessed a radical transformation in the country's social economic and political landscape creating a fascinating and definitive account of how Italy has coped or failed to cope as it moves from one century to the next With particular emphasis on its role in Italian life work and culture Ginsborg shows how smaller families longer lives and greater generation crossover have had significant effects on Italian society Ginsborg looks at the 2000 elections the influence of the Mafia the decline of both Communism and Catholicism and the change in national identity This is modern history at its best

Threats to Democracy Franco Ferraresi, 2012-09-17 This book represents the first systematic research by a social scientist on the radical right wing movements in Italy since 1945 During the heyday of right wing violence between 1969 and 1980 street aggressions attacks and murders were commonplace These bloody episodes were assumed to be the work of fanatical bands of political soldiers and urban warriors loosely controlled by secret services and other covert groups which used them as part of a strategy of tension pursued in domestic and international circles Franco Ferraresi here acknowledges that these rightist groups were in fact permitted a certain amount of freedom and even in some cases actually aided in the hope that revulsion at terrorist tactics would have the effect of mobilizing public opinion in favor of existing political arrangements However he also studies the extent to which they operated as autonomous units while he carefully considers the political heritage the doctrines and the ideology that motivated them With the decline of violent activity on both extremes of the political spectrum in the early 1980s the theory and practice so comprehensively discussed by Ferraresi seemed to have entered a dormant stage Ferraresi however places in context the recent resurgence of neo fascist forces in Italy and of the so called New Right throughout Europe together with the rise of fundamentalism in many parts of the world

Cancer Cell Metabolism and Drug Targets Hai-long Piao, Fei Han, Donglai Wang, Yongbin Xu, Jongchan Kim, 2023-11-22 Targeted cancer metabolic pathway anti cancer drugs achieved great success in malignant cancer treatment however inevitably the effect of almost all these drugs is compromised by the development of resistance Given that recent evidence shows cancer cell metabolic reprogramming occurs after drug treatment probably there is a strong relationship between a specific target and particular metabolic pathway remodeling Understanding the hidden fact and mechanisms under cell metabolism modulated by specific drug targets in particular those related to precision medicine may lead to the development of new therapeutic strategies to overcome drug resistance

Rethinking Retail Martin Block, Frank Mulhern, Larry DeGaris, Don Schultz, 2025-07-02 Retailing has changed rapidly in recent years with the pandemic accelerating the long term growth of e commerce Drawing

on a unique data set drawn from hundreds of thousands of interviews over almost two decades this book takes a close look at changes in consumers shopping preferences behaviors and influences Across a range of topics the authors argue that the rise of e commerce has coincided with a decline in consumer preferences what people buy and where they buy it This presents challenges for both retailers and manufacturers The authors propose that the answer lies with consumers A focus on consumers is fundamental to designing effective marketing strategies and campaigns However retailers and brands often have different perspectives about consumers This book bridges that gap The broad scope of topics and longitudinal data give retailers and brand marketers a roadmap for building and maintaining consumer preference in a rapidly changing and challenging environment
