## **Perspectives English Edition:**

**Perspective** G. B. Moore, 1850      **New Perspectives on Geography of Media** SHAO Peiren, 2023-12-02 Based on the ancient Chinese concept of the unity of Heaven and Man *tian ren he yi* guided by principles governing the connections and interdependencies between Heaven Earth Man and the media and in accord with the coexistence of these four elements in balance and in harmony this monograph outlines the scope of the study fundamental concepts and theories and future directions of research in the interdisciplinary field of the geography of media The author delves deeply into the themes of time space place landscape and scale to introduce readers to a wide array of intriguing concepts that add new dimensions to this relatively new academic field In addition this monograph presents a history of media geography as it has evolved in the West and in China over the past several decades and introduces principles and values from traditional Chinese culture that shed light on the nature direction and significance of media studies and communication research now being conducted around the globe Intended readership professional scholars graduates and general readers      **Perspectives on Modern German Economic History and Policy** Knut Borchardt, 1991-05-30 This collection of essays covers themes central to German economic history while considering their interaction with other historical phenomena Among the essays Borchardt considers Germany's late start as an industrial nation the West East developmental gradient key patterns of long term economic development and unusual changes in the phenomena of business cycles The collection also contains the essays which have become the subject of so called Borchardt controversies in which hypotheses are presented on the economic causes of the collapse of the parliamentary regime by 1929/30 at the very end of the crisis before the crisis He also explains why there were no alternatives to the economic policies of the slump and in particular why there was no miracle weapon against Hitler's seizure of power These are among the most original and stimulating contributions of recent years to the economic history of modern Germany and will be of interest to anyone who ponders deeply the meaning of history      The Perspective of Morality Martin Rhonheimer, 2011 At every stage in the argument brief and insightful notes carry on a rapier like face off with almost every significant ethical philosopher of the last three or four centuries making clear how much Rhonheimer has gained from those with whom he has disagreed This is at once a return to a refreshingly profound understanding of the texts of Thomas Aquinas and Aristotle and a new synthesis of ethics for our time Pub desc      **New Metropolitan Perspectives** Carmelina Bevilacqua, Francesco Calabrò, Lucia Della Spina, 2020-08-31 This book presents the outcomes of the symposium NEW METROPOLITAN PERSPECTIVES held at Mediterranea University Reggio Calabria Italy on May 26-28 2020 Addressing the challenge of Knowledge Dynamics and Innovation driven Policies Towards Urban and Regional Transition the book presents a multi disciplinary debate on the new frontiers of strategic and spatial planning economic programs and decision support tools in connection with urban rural area networks and metropolitan centers The respective papers focus on six major tracks Innovation dynamics smart cities and ICT Urban regeneration community led

practices and PPP Local development inland and urban areas in territorial cohesion strategies Mobility accessibility and infrastructures Heritage landscape and identity and Risk management environment and energy The book also includes a Special Section on Rhegion United Nations 2020 2030 Given its scope the book will benefit all researchers practitioners and policymakers interested in issues concerning metropolitan and marginal areas

**Perspectives on the Enlargement of the European Union** Cameron Ross,2002-01-01 In a historic decision at its Copenhagen Conference in June 1993 the European Union gave the green light to an eastward expansion Initially invitations to join the EU went out to just six countries of the former Soviet bloc Poland Hungary the Czech and Slovak republics Romania and Bulgaria However it was not long before there was a queue of other applicants from Eastern Europe pressing at the EU s gates There were real fears in some quarters that the economic reforms demanded for entry into the EU would bring about more shock than therapy in Eastern Europe and that a rapid move to the market would undermine support for democracy This volume of essays by a group of internationally recognised experts focuses on the eastward expansion of the European Union and the EU s relations with the applicant states The primary aim of the volume is to provide a historical and analytical account of the enlargement process and to provide readers with a scholarly road map to guide them through the intricacies of the rapidly changing enlargement terrain After region wide studies of the enlargement process there are case studies of eight countries Bulgaria Romania the Czech Republic Slovakia Croatia Serbia Poland and Estonia

**Modern Culture from a Comparative Perspective** Wilfred Cantwell Smith,1997-07-10 A distinguished historian of religion explores the contemporary culture of the Western world

**Brook Taylor's Work on Linear Perspective** Kirsti Andersen,2012-12-06 The aim of this book is to make accessible the two important but rare works of Brook Taylor and to describe his role in the history of linear perspective Taylor s works Linear Perspective and New Principles on Linear Perspective are among the most important sources in the history of the theory of perspective This text focuses on two aspects of this history The first is the development starting in the beginning of the 17th century of a mathematical theory of perspective where gifted mathematicians used their creativity to solve basic problems of perspective and simultaneously were inspired to consider more general problems in the projective geometry Taylor was one of the key figures in this development The second aspect concerns the problem of transmitting the knowledge gained by mathematicians to the practitioners Although Taylor s books were mathematical rather than challenging he was the first mathematician to succeed in making the practitioners interested in teaching the theoretical foundation of perspective He became so important in the development that he was named the father of modern perspective in England The English school of Taylor followers contained among others the painter John Kirby and Joseph Highmore and the scientist Joseph Priestley After its translation to Italian and French in the 1750s Taylor s work became popular on the continent

**Words and Dictionaries from the British Isles in Historical Perspective** John Considine,Giovanni Iamartino,2009-03-26 Words and dictionaries from the British Isles in historical perspective brings together a wide range of

current work on English language lexicography and lexicology by a team of twelve contributors working in England continental Europe and North America Fredric Dolezal s opening essay offers a provocative discussion of how the history of English lexicography has been and might in the future be written The next four papers deal with the medieval and early modern periods Carter Hailey investigates the dictionary evidence for individual lexical creativity in a discussion of Chaucer and the Middle English Dictionary Gabriele Stein shows how early modern English dictionaries handled lexicological questions rather than simply listing words and equivalents R W McConchie analyzes the biographical record of the lexicographer Richard Howlet and Paola Tornaghi presents and discusses an unpublished source for the seventeenth century lexicography of Old English Three papers on the long eighteenth century follow Noel Osselton s is an analysis of the alphabet fatigue which led many early lexicographers to treat words at the end of the alphabetical sequence more tersely than words at the beginning Elisabetta Lonati s shows the engagement of John Harris s Lexicon technicum with one of the sources of its medical vocabulary Charlotte Brewer s discusses the under representation of eighteenth century material in the Oxford English Dictionary In the last three papers Julie Coleman provides a groundbreaking analysis of Farmer and Henley s Slang and its analogues Peter Gilliver draws on the Oxford English Dictionary archives to tell the story of an important editorial crisis and Laura Pinnavaia discusses the syntactic flexibility of a set of idioms in a corpus of nineteenth and twentieth century prose The volume as a whole offers new discoveries and important analytical and conceptual work and is an essential text in the developing field of the history of lexicography     *Johannine Sectarianism in Perspective* Kåre Sigvald

Fuglseth,2005-09-01 The central aim of the investigation is to evaluate the claim that the Gospel of John was a product of a sectarian milieu Fuglseth is using methods primarily derived from sociology and the study of new religious movements today He discusses in particular the cult model as an alternative to sect and compares the Johannine texts with texts from two contemporary milieus Philo and the Dead Sea Scrolls The thesis is embedded in a comprehensive survey of research and discussions of methods and of the existence of a Johannine community There are still serious debates going on about the existence and nature of the Johannine group its Jewish roots and settings the attitude to the Jews and the synagogue and the two levels of meanings in the Johannine text according to Martyn and Brown In this situation Fuglseth s investigation is of great current interest and gives new answers to central questions in the Johannine research     **A Study of Legal Tradition**

**of China from a Culture Perspective** Zhiping Liang,2023-03-10 Professor Zhiping Liang offers a new understanding of Chinese legal tradition in this profoundly influential book Unlike the available literature using the usual method of legal history research this book attempts to illustrate ancient Chinese legal tradition through cultural interpretation The author holds that both the concept and practice of law are meaningful cultural symbols The law reveals not only the life pattern in a specific time and space but also the world of the mind of a specific group of people Therefore just as cultures have different types laws embedded in different societies and cultures also have different characters and spirits Believing that human

experience is often condensed into concepts categories and classifications the author begins his discussion with the analysis of relevant terms and then seeks to understand history by interpreting the interaction and interconnectedness of the words ideas and practices Based on the same understanding the author uses modern concepts reflectively and critically consciously exploiting the differences between ancient and contemporary Chinese and Western concepts to achieve a more realistic understanding of history while avoiding the ethnocentrism and modern centrism common in historical studies The Dead Sea Scrolls in Scholarly Perspective: A History of Research Devorah Dimant,Ingo Kottsieper,2012-01-20 This book contains an exhaustive survey of past and present Qumran research outlining its particular development in various circumstances and national contexts For the first time perspectives and information not recorded in any other publication are highlighted

**Prayer Fashions** Man Frithjof Schuon,2005 In this newly revised English translation from the French including a comprehensive glossary this volume surveys the enormous range of Schuon s writings on prayer and spiritual life

**Perspective in the Visual Culture of Classical Antiquity** Rocco Sinisgalli,2012-09-17 Linear perspective is a science that represents objects in space upon a plane projecting them from a point of view This concept was known in classical antiquity In this book Rocco Sinisgalli investigates theories of linear perspective in the classical era Departing from the received understanding of perspective in the ancient world he argues that ancient theories of perspective were primarily based on the study of objects in mirrors rather than the study of optics and the workings of the human eye In support of this argument Sinisgalli analyzes and offers new insights into some of the key classical texts on this topic including Euclid s *De speculis* Lucretius *De rerum natura* Vitruvius *De architectura* and Ptolemy s *De optica* Key concepts throughout the book are clarified and enhanced by detailed illustrations

**A Discursive Perspective on Wikipedia** Susanne Kopf,2022-10-05 This book provides a concise yet comprehensive guide to Wikipedia for researchers and students of linguistics discourse and communication studies redressing the gap in research on Wikipedia in these fields and encouraging scholars to explore Wikipedia further as a platform and a medium Drawing on Herring s situational and medium factors as well as related developments in critical discourse studies the author studies the online encyclopaedia both theoretically and empirically examining its origins production and consumption before turning to a discussion of its societal significance and functions This book will be of interest to Wikipedia scholars from a range of disciplines as well as those with a broader interest in linguistics discourse studies and the digital humanities

**Marx and Le Capital** Marcello Musto,2022-12-16 Over the past few years Marx s *Capital* has received renewed academic and popular attention This volume is dedicated to the history of the making the theoretical evaluation and the analysis of the dissemination and reception of an almost unknown version of *Capital* the French translation published between 1872 and 1875 to which Marx participated directly In revising this version Marx decided to introduce some additions and modifications not hesitating to describe in the postscript *Le Capital* as a scientific value independent of the original To mark the 150th anniversary of the French translation of *Capital* 1872 2022 15

authors have helped to shed light on its history and main features as well as analysing its later fortunes in France and in the rest of the world They also provide a more exhaustive account of the ideas of the late Marx The book also includes a previously unpublished selection of 31 letters from correspondence of Karl Marx Maurice Lach tre Just Vernouillet and Friedrich Engels related to the making of Le Capital 10 of these letters by Marx were only recently rediscovered and are translated here for the first time in English This book is an indispensable source for academic communities who are increasingly interested in rediscovering Marx beyond 20th century Marxism Moreover it will be of appeal to graduate students as well as established scholars interested in French socialism and the history of the labour movement **Ephesian**

**Women in Greco-Roman and Early Christian Perspective** Elif Hilal Karaman,2018-10-16 In this volume Elif Hilal Karaman examines the lives of Ephesian women in their historical and social contexts considering in particular their roles as mothers wives teachers and individuals in the private and public spheres She presents Greco Roman and early Christian sources relevant to Ephesus and relating to women including more than 300 Ephesian inscriptions and analyses them comparatively By doing this she illuminates the impact of early Christianity upon the roles of women The evidence presented demonstrates the extent to which early Christian authors utilized Greco Roman cultural elements to construct a social background for the nascent Christian communities for whom they wrote Elif Hilal Karaman s work thus advocates for the interpretation of early Christian texts in conversation with local archaeological and literary evidence in order to develop more nuanced understandings of the social and historical contexts of these important works *Mortality in an International Perspective* Jon Anson,Marc Luy,2014-03-24 This volume presents a state of the art coverage of the measurement and evolution of mortality over time It describes in great detail the changes in the cause patterns of mortality the changes in mortality patterns at different ages and specific analyses of mortality in particular countries Derived from a meeting of the European Working Group on Health Morbidity and Mortality held at the Vienna Institute of Demography September 2011 it presents a cross section of the work and concerns of mortality researchers across Europe ranging from London and Madrid in the west to Moscow in the east with a few additions from further afield Although most of the papers focus on a particular population the range of the papers is broad taken together they present an inter disciplinary cross section of this multi faceted field Coverage includes estimating life expectancy in small areas with an application to recent changes in US counties socioeconomic determinants of mortality in Europe using the latest available data and short term forecasts predicting mortality from profiles of biological risk and performance measures of functioning infant mortality measurement and rate of progress on international commitment using evidence from Argentina avoidable factors contributing to maternal deaths in Turkey changes in mortality at older ages the case of Spain 1975 2006 variable scales of avoidable mortality within the Russian population long term mortality decline in East Asia and much more Perspectives in Mortality Research will serve as a valuable resource for professionals and students in sociology demography public health and personal finance

**Popular Sovereignty in Historical Perspective** Richard Bourke, Quentin Skinner, 2016-03-24 The first collaborative volume to explore popular sovereignty a pivotal concept in the history of political thought      *The Novels of Madame de Souza in Social and Political Perspective* Kirsty Carpenter, 2007 Madame de Souza's seven major novels written in the period from 1794 to 1822 show the emergence of the female authored French novel and the novel's role as a vehicle for political ideas during the revolutionary period The novels *Ad le de S nange* *Emilie et Alphonse* *Charles et Marie Eug nie et Mathilde Eug ne de Rothelin* *Mademoiselle de Tournon* and *La comtesse de Fargy* make an important contribution to early nineteenth century French literature Madame de Souza was an acute observer of the intimate workings of Paris society and of social and political change in the years 1789 1830 Unedited extracts from her novels *Etre et Para tre* and other less complete manuscripts appear here in print for the first time The author was born in 1761 and lived through the political regimes of a Revolution Empire and Restoration dying in Paris in 1836 She had a long life filled with friends correspondents and travels in Britain and Europe and she was admired by literary critics like Sismondi and Marie Joseph Ch nier Until now a small amount of research has been focused on her first novel *Ad le de S nange* but this book shows that this is only one of seven works that should be better known than they are at present
