Petrified Time Poems From Makronisos:

Petrified Time Giannēs Ritsos, 2014 Poetry Translated from the Greek by Martin McKinsey and Scott King Bilingual Edition Written in 1949 while Ritsos was detained on the Greek prison isle of Makronisos the poems in PETRIFIED TIME translated in its entirety and printed with the Greek en face document this harrowing time in the poet's life As Martin McKinsey states in his introduction to this collection Aside from their documentary interest what makes them worth reading is their luminous imagery drawing on the Greek oral tradition of fairytales and folksongs especially Klephtic ballads and the controlled power of their free verse idiom Their purposefulness should also serve as a reminder of what it means for an artist to step out of him or herself and conceive of an art that is not simply a record or critique of what is but a shaper of what will be

Tasos Leivaditis' Triptych, 2022-05-10 Collected here are the three poetry books with which one of Greece's finest writers Tasos Leivaditis made his literary debut in 1952-53 Greece was at this time emerging out of the devastating destruction of World War II and the subsequent civil war 1946-49 Leivaditis on the side of the defeated leftists in the civil conflict paid for his political affiliation by being exiled to concentration camps on various islands for more than three years Upon his release in 1951 he was to publish in quick succession three remarkable volumes of poetry which draw upon his experiences of violence and persecution but which are framed by a broader commitment to justice and freedom love and peace The three books were immediate successes and continue to be widely read and discussed in Greece today Now for the first time they are made available to an English reading audience who are sure to find in the depth and intensity of Leivaditis verses a compelling witness not only to past terrors and tragedies but also to the irrepressible desire to vindicate life and love because this star is for all of us

Clearing the Ground, 2015-10-07 *Clearing the Ground* illuminates a crucial decade of Cavafy's artistic development marked at one end by a period of personal crisis and near creative stasis at the other by the poetic force of the celebrated *Ithaca* The years in between are held together by the Unpublished Notes on Poetics and Ethics Part private confession part public pronouncement part journal entry and philosophical pens e these notes were recorded between 1902 and 1911 In some of them according to the eminent critic G P Savidis Cavafy attempted to formulate thoughts and feelings never before uttered in his own language in certain cases in any language The full body of the notes is correlated in this volume with the poetry Cavafy was writing contemporaneously in particular the startling hidden poems begun in 1904 What emerges is a striking narrative of artistic and personal becoming The afterward by Martin McKinsey examines Cavafy's sexuality and accompanying pressures in historical context and suggests the part they may have played in his poetic breakthrough This is a revelatory work for students and lovers of Cavafy one of the great outsider poets of the twentieth century
