Improving Diagnostic Reliability in Reading Through Training, 1983

Cognition, Metacognition, and Reading Donna-Lynn Forrest-Pressley, T. Gary Waller, 2013-03-12 We had our first conversation about cognition metacognition and reading in September of 1976 Our particular concern was with reading and learning to read and what if anything meta cognition might have to do with it all We didn't really know much about metacognition then of course but then most other people were in the same predicament Some people had been working with interesting approaches and results on metalanguage and reading among them J Downing L Ehri L Gleitman 1 Mattingly and E Ryan and it also was about that time that people were becoming aware of E Markman's first studies of comprehension monitoring Other than that perhaps the most influential item around was the perhaps already classic monograph by Kruetzer Leonard and Flavell on what children know about their own memory Also in the air at that time were things like A Brown's notions about knowing knowing about knowing and knowing how to know D Meichenbaum's ideas about cognitive behavior modification and the work by A Brown and S Smiley on the awareness of important units in text Even though these developments were cited as new and innovative it was not the case that psychologists had never before been of questions They certainly interested in or concerned with metacognitive sorts had as clearly evidenced by the notion of metaplans in Miller Galanter and Pribram's Plans and the Structure of Behavior

Building Literacy in the Content Areas Thomas G. Gunning, 2003 Reflects the diversity of modern student population and emphasizes the need to gear instruction to include all students This text provides templates for planning programs and making modifications for average gifted ESL and bilingual students It emphasizes strategies techniques and materials for students who are struggling to learn

Handbook of Reading Research, Volume II Rebecca Barr, Michael L. Kamil, Peter B. Mosenthal, P David

Pearson, 2016-11-18 A comprehensive overview of important contemporary issues in the field of reading research from the mid 1980s to mid 1990s this well received volume offers readers an examination of literacy through a variety of lenses some permitting microscopic views and others panoramic views A veritable who's who of specialists in the field chapter authors cover current methodology as well as cumulative research based knowledge Because it deals with society and literacy the first section provides the broadest possible view of literacy The second section defines the range of activities culturally determined to be a part of the enterprise known as literacy The third focuses on the processes that individuals engage in when they perform the act of reading The fourth section visits the environment in which the knowledge that comprises literacy is passed on from one generation to the next The last section an epilogue to the whole enterprise of reading research provides apt philosophical reflection

Assessing and Guiding Classroom Reading Instruction Martha Collins, Earl H.

Cheek, 1999-06 This text provides classroom teachers with information on developing a systematic procedure for assessing reading skill performance and offers prescriptive instruction The first chapter addresses reading as a language process and establishes the basic conceptual framework The remainder of the text is organized around five steps that should be followed to provide effective reading instruction New to this edition The latest research on teacher instruction for technologically advanced students More emphasis on student assessment versus clinical diagnoses The importance of assessing and guiding reading through language literacy development is stressed
