Building Shared Responsibility for Student Learning Anne Conzemius, Jan O'Neill, 2001 Who is responsible for student learning Walk into an effective school and ask this question of anyone a teacher a student the principal a parent volunteer a secretary and you ll get the same answer I am Shared responsibility is something school communities build from within It s what happens when all school people accept that what they do makes a difference in how all students learn when they have the knowledge they need to make informed decisions about the best way to promote learning and when they have the skills and opportunities to translate their ideas into effective action Anne Conzemius and Jan O'Neill present a practical framework for building shared responsibility within schools and school systems They identify three critical components Focus The common vision mission values and expectations that provide clarity and lead to new levels of performance Reflection The commitment to test assumptions learn from data and adjust practices accordingly Collaboration The process of developing relationships where all work toward the same objectives and rely on each other to

achieve their goals Building shared responsibility for student learning is an ongoing activity a journey and not a destination This research based resource provides a map in the form of effective structures systems processes and policies It explains how to set powerful goals and shares inspiring stories of educators who have embarked on this journey toward higher professional competency increased staff satisfaction rising test scores and improved student results **Bilingual Special Education for the 21st Century: A New Interface** Colón, Gliset,Alsace, Tamara O.,2022-05-13

Bilingual students with disabilities have an established right to be educated in their most proficient language However in practice many culturally and linguistically diverse students still do not receive the quality of education that they are promised and deserve Multilingual learners with disabilities must be acknowledged for the assets they bring and engaged in classroom learning that is rigorous and relevant Bilingual Special Education for the 21st Century A New Interface addresses the complex intersection of bilingual education and special education with the overlay of culturally and linguistically sustaining practices This work provides practical solutions to current dilemmas and challenges today s educators of multilingual learners with disabilities face in the classroom Covering topics such as dual language education identification practices and transition planning this book is an essential resource for special education experts faculty and administration of both K 12 and higher education pre service teachers researchers and academicians Early Childhood Special Education Programs and Practices
