mother's dementia advances and she can no longer live independently Tessa McWatt confronts personal and political losses and finds herself wandering in a forest asking how do we grieve And what can we learn from nature and those whose communities are rooted in nature about not only how to grieve but also how to live From the newest seedling to the oldest snag in the forest there is meaning to be found in every stage of a tree's life all of which contribute to a thriving forest community In this forest thinking Tessa begins to find answers to her questions about how to live for each other how to grieve radically and how to die with love and connection The Snag is an essential book about living and dancing and singing and praying even in the face of unimaginable sadness and in this way growing together and supporting one another like the trees in the forest
