As a book, it is critical in approach, provides deeper reflection and focuses specifically on the SADF experience of the war. The result is a more complex picture of the war's dynamics and its legacies. Although South Africa is a vastly different country today, the study of the Border War opens a range of questions also relevant to contemporary deployments such as in Lesotho 1998 and the Central African Republic 2013. It includes the debate on participation in foreign conflicts, on the deployment design and preparation of appropriate modern armed forces and their use as foreign policy instruments in far off theatres, on military planning and as the historical controversies regarding the battles at Cuito Cuanavale and Bangui illustrate on the interface between foreign campaigning and domestic politics.
