**Handbook of Research on Administration, Policy, and Leadership in Higher Education** Mukerji, Siran, Tripathi, Purnendu, 2016-09-27 The creation of a sustainable and accessible higher education systems is a pivotal goal in modern society. Adopting strategic frameworks and innovative techniques allows institutions to achieve this objective. The Handbook of Research on Administration Policy and Leadership in Higher Education is an authoritative reference source for the latest scholarly research on contemporary management issues in educational institutions and presents best practices to improve policies and retain effective governance. Addressing the current state of higher education at an international level, this book is ideally designed for academicians, educational administrators, researchers, and professionals. [The Palgrave Handbook of Motivation for Language Learning](#) Martin Lamb, Kata Csizér, Alastair Henry, Stephen Ryan, 2020-01-11 This handbook offers an authoritative one-stop reference work for the dynamic and expanding field of language learning motivation. The 32 chapters have been specially commissioned from the field's most influential researchers and writers. Together they present a compelling picture of the motivations people have for learning languages, the diverse ways we can research motivation, and the implications for promoting and sustaining learners' motivation. The first section outlines the main theoretical approaches to language learning motivation; the next section presents ways in which motivation theory has been applied in practice; the third section showcases examples of motivation research in particular contexts and with particular types of language learners; and the final section describes the exciting directions that contemporary research is taking, promising important new insights for academics and practitioners alike. *The Routledge Handbook of Social Work Field Education in the Global South* Rajendra Baikady, Sajid S.M., Varoshini Nadesan, M. The Oxford Handbook of Late Colonial Insurgencies and Counter-Insurgencies Martin Thomas, Gareth Curless, 2023-10-10 The lethality of conflicts

between insurgent groups and counter insurgent security forces has risen markedly since the Second World War just as those of conventional or inter state wars have declined For several decades conflicts within states rather than between them have been the prevalent form of organised political violence worldwide Recent conflicts in Afghanistan Iraq and Syria have fired interest in colonial experiences of rebellion while current western interventions in sub Saharan Africa have prompted accusations of militarist humanitarianism Yet despite mounting interest in counter insurgency and empire comparative investigation of colonial responses to insurrection and civil disorder is sparse Some scholars have written of a golden age of counter insurgency which began with Britain s declaration of a Malayan Emergency in 1948 and ended with the withdrawal of US ground troops from Vietnam in 1973 It is with this period if not with any presumed golden age that this volume is concerned This Handbook connects ideas about contested decolonization and the insurgencies that inspired it with an analysis of patterns and singularities in the conflicts that precipitated the collapse of overseas empires It attempts a systematic study of the global effects of organized anti colonial violence in Asia and Africa The objective is to reconceptualize late colonial violence in the European overseas empires by exploring its distinctive character and the globalizing processes underpinning it
