Dante Alive Francesco Ciabattini, Simone Marchesi, 2022-09-30 The essays collected here join in and contribute to the current reflection on Dante's vitality today in a critical multidisciplinary vein Their intervention comes at a particularly sensitive juncture in the history of Dante's global reception and cultural reuse Dante

today is as alive as ever A cultural icon no less than a cultural product Dante s imaginative universe enjoys a pervasive presence in popular culture The multiformity of approaches represented in the collection matches the variety of the material that is analyzed The volume documents Dante s presence in genres as different as graphic novels and theater productions children s literature advertisements and sci fi narratives rock and rap music video and boardgames satirical vignettes and political speeches school curricula and prison teaching initiatives Each chapter combines a focused attention to the specificity of the body of evidence it treats with best analytical practices The volume invites collective reflection on the many different rules of engagement with Dante s text

Assessing Speaking in Context M. Rafael Salaberry, Alfred Rue Burch, 2021-07-23 This edited volume investigates the nature and possible applications of an expanded and reconceptualized theoretical construct of speaking as a dynamic socially constructed endeavour It addresses both theoretical perspectives and methodological procedures to define and circumscribe the assessment of contextualized speaking The chapters focus on the complexity brought about by actual interactional competence in speaking tasks and discuss how testing and assessment models and practices can incorporate recent research findings on the inherently dynamic and situated nature of language use The volume presents research on language assessment in a variety of languages other than English including French Chinese and Japanese It also examines the role that embodied action gaze gesture orientation to materials and texts in the environment plays in assessment practices an area that has heretofore remained under explored Chapter 6 is free to download as an open access publication under a CC BY NC ND licence You can access it here <https://zenodo.org/record/5163340/YQvJ0IhKjcs>

Educational Digital Transformation: New Technological Challenges for Competence Development Julio Cabero Almenara, Carmen Llorente Cejudo, Antonio Palacios-Rodriguez, 2023-10-09 The COVID 19 pandemic has provided a unique opportunity to examine our understanding of the opportunities and challenges that ICTs offer to support the functioning of all aspects of education The closure of educational institutions has forced a radical change in the practices of teachers and societies regarding the use of ICT to support teaching learning social relations and work in many sectors In the training of digital skills the instrumental mastery of ICT continues to outweigh the preparation of citizens to make constructive and safe use of technologies After two decades of educational policies we continue to reduce digital literacy to instrumental skills That is you do not learn why to use educational technologies and how or to be critical of their use Education 4 0 seeks to develop and enhance the digital skills of students and teachers in digital teaching environments through the creation of a line of academic training programs for undergraduate postgraduate and continuing education This article collection welcomes contributions to improve training policies and practices in Educational Digital Transformation for educational development strategies activities proposals for assessment and certification of skills

Teaching Languages with Technology Euline Cutrim Schmid, Shona Whyte, 2014-11-03 This book draws on theories of second language acquisition SLA to illustrate how interactive white board technology can be exploited to support language acquisition It examines

interaction collaboration and negotiation of meaning and focus on form in the communicative language classroom in primary secondary and vocational schools In recent years new technologies have been incorporated into second and foreign language education as tools for implementing teaching methodologies IWBs have established their role in the field of computer assisted language learning CALL and are an effective and inspiring tool which motivates both teachers and learners Although the number of IWBs in classrooms has rapidly increased over the past decade in many parts of the world teacher training materials and pedagogical support for the design evaluation and implementation of IWB based materials in the foreign language classroom has not kept pace Research also shows that language teachers do not always use IWBs in pedagogically sound ways There is a real need for the development of training models and examples of good practice which can support teachers in developing the necessary competencies for exploiting the IWB in ways consistent with current theories of language teaching pedagogy This book provides that best practice and gives a full account of in depth research in an accessible manner
