Social Networking in

South-Eastern Europe Maria Baramova, Grigor Boykov, Ivan Parvev, 2021 Social Networking in South Eastern Europe in the 15th 19th centuries exhibits specific characteristics the Ottomans and the Habsburgs for example each have their pattern of building and using social networks with the Third South Eastern Europe i.e. the vassal principalities in the Balkans and the re-created national states staying closer in the Ottoman pattern It seems that the Muslim Oriental social traditions established in the Balkans during Ottoman rule had a clear impact on the building of networks and the exercising of social influence The specific regional practices once established were very hard to overcome or to replace by other patterns of social networking These practices however could easily interact in border areas with one other giving the inhabitants on both sides of the frontier the possibility of living a socially amphibious life at least in terms of Social Networking European and Islamic Trade in the Early Ottoman State Kate Fleet, 1999-07-15 International trade was of great importance for the Ottomans in the construction of their empire Kate Fleet's book examines the trade links which existed between European merchants and their Muslim counterparts from the beginnings of the Ottoman empire in 1300 to the fall of Constantinople in 1453 By using previously unexploited Latin and Turkish sources and by focusing on the trading partnership between the Genoese and the Turks she demonstrates how this interaction contributed to the economic development of the early Ottoman state and indeed to Ottoman territorial expansion Where other studies have emphasized the military prowess of the early Ottoman state and its role as the infidel enemy the book offers an insight into its economic aspirations and eventual integration into the economy of the Mediterranean basin This is a readable authoritative and innovative study which illuminates our understanding of an obscure period in early Ottoman history Works Issued by the Hakluyt Society, 1871 **Outline of Swahili Literature** Elena Bertoncini Zúbková, 2023-09-20 Collection of texts in English translation illuminating the religions of the world for students *The Century Dictionary: The Century dictionary*, 1895 **Chinese Sociologists in the First Half of the 20th Century** Peilin Li, Jingdong Qu, Yabin Yang, 2024-08-01 This book offers a biographical intellectual and academic history of sociology in the late Qing and Republic of China period The 46 sociologists featured in this volume are chosen from the pantheon of notable scholars who labored in this burgeoning field Each of the 46 chapters is devoted to introducing one sociologist Every chapter begins with a short biography that sheds light on how one sociologist became the scholar they were and earned their place in not only sociology but also for some of them other fields in the social sciences and the humanities This is followed by a review and analysis of the representative works by this sociologist and how those laid the foundation for and contributed to the early development of a particular field of research in sociology as we know it today The book weaves together a history of this academic discipline in China over those turbulent decades that organically combines personal details methodological development institutional changes and also larger social economic and intellectual trends **The Emerald Handbook of Research Management and Administration Around the World** Simon Kerridge, Susi Poli, Mariko Yang-Yoshihara, 2023-11-29 The ebook edition of this title is Open Access and freely available to
