36" Freestanding Electric Range with 4 burners, 3.5 cu. ft. oven, and self-cleaning feature. This range is a member of the freestanding range family, which is a line of ranges designed to provide you with the convenience of a freestanding range, but with the added benefit of a self-cleaning oven. The self-cleaning feature is achieved by using a special cleaning cycle that uses high heat to burn off any food residue that may be on the oven's interior surfaces. This cycle is controlled by the range's electronic control panel, which allows you to select the self-cleaning cycle and set the cleaning time. The self-cleaning cycle typically takes 2 to 3 hours to complete, and the range will automatically shut off when the cycle is finished. This feature is a great way to keep your range clean and free of grease and food residue, which can help to extend the life of your range and keep it looking like new.
